6 Oct.	Thursday	First Term, Department of Medicine, begins.
22 Dec.	Thursday	FIRST TERM ends.

## FACULTY AND INSTRUCTORS

---

Rev. NOAH PORTER, D.D., LL.D.

PRESIDENT, and *Clark Professor of Moral Philosophy  
and Metaphysics*

(7 TR.) 31 Hillhouse av.

---

*Kent Professor of Law*

Rev. LEONARD BACON, D.D., LL.D.

*Lecturer on Church Polity and American Church  
History*

(1 E.) 247 Church st.

ELIAS LOOMIS, LL.D.

*Munson Professor of Natural Philosophy and Astronomy* 141 Church st.

WILLIAM A. NORTON, M.A.

*Professor of Civil Engineering*

(34 N. S. H.) 72 Prospect st.

S. WELLS WILLIAMS, LL.D.

*Professor of the Chinese Language and Literature*

39 College st.

JAMES D. DANA, PH.D., LL.D.

*Silliman Professor of Geology and  
Mineralogy*

(6 Peabody Museum) 24 Hillhouse av.

Rev. GEORGE E. DAY, D.D.

*Holmes Professor of the Hebrew Language and Literature  
and Biblical Theology*

(5 E.) 125 College st.

Rev. SAMUEL HARRIS, D.D., LL.D.

*Dwight Professor of Systematic Theology*

(3 E.) 144 College st.

THOMAS A. THACHER, LL.D.

*Professor of the Latin Language and Literature*

155 Crown st.

BENJAMIN SILLIMAN, M.D.

*Professor of Chemistry*

34 Hillhouse av.

Rev. CHESTER S. LYMAN, M.A.

*Sheffield Professor of Astronomy and Physics* (39 N. S. H.) 88 Trumbull st.

Rev. JAMES M. HOPPIN, D.D.

*Professor of the History of Art*

47 Hillhouse av.

---

*Professor of Homiletics and the Pastoral Charge*

(The instruction in this professorship is given by Professor Barbour.)

WILLIAM D. WHITNEY, PH.D., LL.D.

*Professor of Sanskrit and Comparative Philology, and  
Instructor in Modern Languages* (205 D.) 246 Church st.

MOSES C. WHITE, M.D.

*Professor of Pathology* 48 College st.

HON. FRANCIS WAYLAND, LL.D.

*Professor of Mercantile Law and  
Evidence* (17 Court House) 91 Whitney av.

REV. GEORGE P. FISHER, D.D., LL.D.

*Titus Street Professor of Ecclesiastical History* (9 E.) 27 Hillhouse av.

REV. TIMOTHY DWIGHT, D.D.

*Buckingham Professor of Sacred Literature* 126 College st.

CHARLES A. LINDSLEY, M.D.

*Professor of Materia Medica and Therapeutics* 15 Elm st.

HUBERT A. NEWTON, LL.D.

*Professor of Mathematics* 135 Elm st.

LUCIAN S. WILCOX, M.D.

*Professor of the Theory and Practice of Medicine* Hartford

DAVID P. SMITH, M.D.

*Professor of the Principles and Practice of Surgery* Springfield, Mass.

GEORGE J. BRUSH, M.A.

*Professor of Mineralogy, and Executive Officer of the  
Sheffield Scientific School* (3 S. H.) 14 Trumbull st.

SAMUEL W. JOHNSON, M.A.

*Professor of Theoretical and Agricultural  
Chemistry* (12 S. H.) 54 Trumbull st.

WILLIAM H. BREWER, PH.D.

*Norton Professor of Agriculture* (4 S. H.) 246 Orange st.

LEONARD J. SANFORD, M.D.

*Professor of Anatomy* 126 Crown st.

HON. WILLIAM C. ROBINSON, LL.D.

*Professor of Elementary and Criminal Law and the  
Law of Real Property* (16 Exchange Building) 137 Edwards st.

LEWIS R. PACKARD, PH.D.

*Hillhouse Professor of the Greek Language  
and Literature* (121 N.) 226 Church st.

JOHN F. WEIR, N.A., M.A.

*William Leffingwell Professor of Painting and  
Design* (9 Art School) 58 Trumbull st.

JOHN E. CLARK, M.A.

*Professor of Mathematics* 29 Eld st.

CYRUS NORTHROP, LL.B.

*Professor of Rhetoric and English Literature* (137 F.) 607 Chapel st.

DANIEL C. EATON, M.A.

*Professor of Botany* (41 N. S. H.) 70 Sachem st.

ARTHUR M. WHEELER, B.A.

*Professor of History* (207 D.) 86 Trumbull st.

ADDISON VANNAME, M.A.

*Librarian* (LIBRARY) 121 High st.

J. WILLARD GIBBS, PH.D.

*Professor of Mathematical Physics* 121 High st.

ARTHUR W. WRIGHT, PH.D.

*Professor of Molecular Physics and Chemistry* (Lab'y.) 34 Hillhouse av.

THOMAS R. LOUNSBURY, B.A.

*Professor of English, and Librarian of the  
Sheffield Scientific School* (6 S. H.) 22 Lincoln st.

Rev. WILLIAM M. BARBOUR, D.D.

*Chittenden Professor of Divinity, and College Pastor* (117 N.) 44 High st.

OTHNIEL C. MARSH, M.A.

*Professor of Palæontology, and Curator of the  
Geological Collection* (8 Peabody Museum) New Haven Hotel

EUGENE L. RICHARDS, B.A.

*Assistant Professor of Mathematics* (86 N. M.) 306 York st.

FRANCIS A. WALKER, PH.D.

*Professor of Political Economy and History* 68 Whitney av.

WILLIAM I. KNAPP, PH.D.

*Street Professor of Modern Languages* (183 L.) 150 Crown st.

JOHN H. NIEMEYER, M.A.

*Street Professor of Drawing* 8 Art School

FRANKLIN B. DEXTER, M.A.

*Larned Professor of American History, and  
Assistant Librarian* (LIBRARY) 76 Prospect st.

SIMEON E. BALDWIN, M.A.

*Professor of Constitutional Law and the Law of  
Contracts and Wills* (25 White's Building) 44 Wall st.

OSCAR D. ALLEN, PH.D.

*Professor of Analytical Chemistry and  
Metallurgy* (13 S. H.) 189 Temple st.

TRACY PECK, M.A.

*Professor of the Latin Language and Literature* 87 Wall st.

WILLIAM H. CARMALT, M.D.

*Professor of Ophthalmology and Otology* 18 College st.

- ADDISON E. VERRILL, M.A.  
*Professor of Zoology, and Curator of the Zoological  
Collection* (15 Peabody Museum) 148 College st.
- FRANKLIN CARTER, PH.D.  
*Professor of the German Language and Literature* (120 N.) 2 York sq.
- WILLIAM G. SUMNER, B.A.  
*Professor of Political and Social Science* (118 N.) 140 Edwards st.
- JOHNSON T. PLATT, M.A.  
*Professor of Torts and Equity  
Jurisprudence* (179 Church st.) 256 Bradley st.
- SIDNEY I. SMITH, PH.B.  
*Professor of Comparative Anatomy* (14 Peabody Museum) 148 College st.
- WILLIAM G. MIXTER, PH.B.  
*Professor of Chemistry* (8 S. H.) 8 Trumbull st.
- HENRY P. WRIGHT, PH.D.  
*Dunham Professor of the Latin Language  
and Literature* (89 N. M.) 128 York st.
- JAMES K. THACHER, M.D.  
*Professor of Physiology* 120 Crown st.
- HENRY A. BEERS, B.A.  
*Professor of English Literature* (171 F.) 25 Vernon st.
- A. JAY DUBOIS, PH.D.  
*Higgin Professor of Dynamical Engineering* (45 N. S. H.) 328 Howard av.
- EDWARD S. DANA, PH.D.  
*Assistant Professor of Natural Philosophy, and Curator of the  
Mineralogical Collection* (4 Peabody Museum) 240 D.
- THOMAS D. SEYMOUR, M.A.  
*Professor of the Greek Language and Literature* (122 N.) 174 Orange st.
- FRANK E. BECKWITH, M.D.  
*Professor of Obstetrics and the Diseases of Women  
and Children* New York City
- THEODORE S. WOOLSEY, LL.B.  
*Professor of International Law* 56 Hillhouse av.
- LEONARD WALDO, S.D.  
*Astronomer in charge of the Horological Bureau,  
Winchester Observatory* 197 Crown st.
- FRANK B. TARBELL, PH.D.  
*Tutor in Greek* 136 F.
- WILLIAM BEEBE, B.A.  
*Tutor in Mathematics and Astronomy* (42 S. M.) 83 Wall st.
- ANDREW W. PHILLIPS, PH.D.  
*Tutor in Mathematics* (118 N.) 120 High st.

EDMUND ZACHER, LL.B.

*Tutor in German*

5 S.

HENRY W. FARNAM, M.A., R.P.D.

*Professor of Political Economy*

43 Hillhouse av.

ARTHUR T. HADLEY, B.A.

*Tutor in Latin*

(153 F.) 131 Temple st.

WEBSTER MERRIFIELD, B.A.

*Tutor in Latin*

21 S.

CHARLES C. CAMP, B.A.

*Tutor in Greek*

58 S. M.

JOHN S. THACHER, M.D.

*Tutor in Mathematics*

136 F.

ALFRED L. RIPLEY, B.A.

*Tutor in Latin*

41 S. M.

Hon. ORIGEN S. SEYMOUR, LL.D.

*Lecturer on Judicial Procedure and Practice*

Litchfield

WILLIAM O. AYRES, M.D.

*Lecturer on Diseases of the Nervous System*

36 High st.

Hon. J. HAMMOND TRUMBULL, LL.D.

*Lecturer on the Indian Languages of North America*

Hartford

MARK BAILEY, M.A.

*Instructor in Elocution*

(150 F.) 200 Temple st.

ALBERT S. WHEELER, M.A.

*Instructor in German*

27 Eld st.

J. SUMNER SMITH, B.A.

*Librarian of the Linonian and Brothers' Library* (LIBRARY) 78 Trumbull st.

HENRY P. STEARNS, M.D.

*Lecturer on Insanity*

Hartford

JOHN A. ROBINSON, LL.B.

*Librarian of the Law Department* (19 Court House) 68 East Pearl st.

Rev. JOSEPH T. DURYEA, D.D.

*Lyman Beecher Lecturer on Preaching*

Boston, Mass.

GUSTAVE J. STOECKEL, Mus.D.

*Instructor in Vocal Music*

207 York st.

FREDERIC H. BETTS, M.A.

*Lecturer on Patent Law*

New York City

S. HARTWELL CHAPMAN, M.D.

*Lecturer on Diseases of the Throat*

193 Church st.

MATTHEW D. MANN, M.D.

*Clinical Lecturer on Gynecology*

Hartford

- CARLO L. SPERANZA, University of Padua  
*Instructor in Italian* 70 W.
- FREDERIC R. HONEY  
*Instructor in Instrumental Drawing* (53 N. S. H.) 14 Lincoln st.
- OSCAR HARGER, M.A.  
*Assistant in Palæontology* (9 Peabody Museum) 14 University pl.
- CHARLES H. FARNAM, M.A.  
*Assistant in Archæology* 143 Prospect st.
- JOSEPH J. SKINNER, PH.D.  
*Instructor in Mathematics and French* 176 York st.
- JOHN P. C. FOSTER, M.D.  
*Instructor in Anatomy* 109 College st.
- WILLIAM H. HOTCHKISS, M.D.  
*Demonstrator in Anatomy* 137 Church st.
- JOSEPH F. KLEIN, D.E.  
*Assistant in Dynamical Engineering* (45 N. S. H.) 14 Whalley av.
- GEORGE W. HAWES, PH.D.  
*Instructor in Mineralogy and Lithology* (2 Peabody Museum) 116 High st.
- JAMES F. COLBY, M.A.  
*Instructor in Political Economy* Room 10, 179 Church st.
- HARRISON W. LINDSLEY, PH.B.  
*Instructor in Architecture* Cutler Building
- T. MITCHELL PRUDDEN, M.D.  
*Lecturer on Histology* New York City
- THOMAS H. RUSSELL, M.D.  
*Clinical Lecturer on Surgery* 137 Elm st.
- ALLEN B. HOWE, PH.D.  
*Instructor in Analytical Chemistry* 138 College st.
- RUSSELL-H. CHITTENDEN, PH.D.  
*Instructor in Physiological Chemistry* (13 S. H.) 95 Humphrey st.
- HENRY FLEISCHNER, M.D.  
*Lecturer on Food and Poisons* 238 Grand st.
- WILLIAM W. HAWKES, B.A.  
*Instructor in Gymnastics* (Gymnasium) 65 Martin st.
- WILLIAM J. COMSTOCK, PH.B.  
*Assistant in Analytical Chemistry* 167 Crown st.
- SAMUEL W. WILLISTON, M.D.  
*Assistant in Osteology* (9 Peabody Museum) 162 Olive st.
- JAMES H. EMERTON,  
*Assistant in Zoology* (14 Peabody Museum) 146 College st.

## GENERAL STATEMENT

---

The departments of Instruction in YALE COLLEGE are comprehended under four divisions, as follows:—

The Faculty of THEOLOGY;  
of MEDICINE;  
of LAW;  
of PHILOSOPHY AND THE ARTS.

Under the last named Faculty are included, the COURSES FOR GRADUATE INSTRUCTION, the UNDERGRADUATE ACADEMICAL DEPARTMENT, the UNDERGRADUATE SECTION OF THE SHEFFIELD SCIENTIFIC SCHOOL, and the SCHOOL OF THE FINE ARTS,—each having a distinct organization.

In the particular statements which follow, the Department of Philosophy and the Arts is first given, with its subdivisions in the order named; and afterwards the three Professional Departments.

---

The legal designation of the Corporation is “THE PRESIDENT AND FELLOWS OF YALE COLLEGE IN NEW HAVEN.”

# DEPARTMENT OF PHILOSOPHY AND THE ARTS

---

## GRADUATE INSTRUCTION

Graduates of this and other Colleges, and other persons of liberal education (not less than eighteen years old), are received as students for longer or shorter periods, with or without reference to the attainment of a degree.

An Executive Committee has a general oversight of the students in this department. The Committee this year is composed of Professors WHITNEY, NEWTON, BRUSH, and WHEELER. They receive the names of applicants for instruction, and judge and approve the courses of study proposed; and information may be obtained from them as to conditions, terms, etc. Students may also make special arrangements with any instructor according to their mutual convenience.

Instruction is given partly by lectures, partly by recitations and by oral and written discussions, partly by directing courses of reading, and partly by work in the laboratories and with instruments.

The terms and vacations correspond with those in the Undergraduate Departments. (See Calendar, p. 4.)

The fee for instruction is generally one hundred dollars, or more or less, according to the course pursued and the amount of instruction received.

THE DEGREE OF DOCTOR OF PHILOSOPHY is conferred upon those who, after having taken a Bachelor's degree (implying a course of undergraduate study equivalent to that pursued in the Academical Department), and having studied in this department for not less than two years, shall have passed a satisfactory final examination and presented a thesis giving evidence of high attainment in the branches of knowledge pursued. It is not given, upon examination, to those whose studies are pursued elsewhere. The requirements for it will

in some cases exact of the student more than two years of labor; especially when the course of undergraduate study has been less than four years. A good knowledge of Latin, German, and French, will be required in all cases, unless, for some exceptional reason, the candidate be excused by the Faculty. The graduating fee is ten dollars.

The courses of instruction given in the department may be grouped as follows:

### *1. Intellectual Philosophy ; Ethics*

President PORTER: Psychology; Philosophy; History of Philosophy; Ethics.

### *2. Political Science and History*

Professor WHEELER: History of Europe, 1815-70.

Professor BREWER: Relations of Physical Geography to Political History.

Professor WALKER: Public Finance; Statistics of Industry.

Professor SUMNER: Politics and Finance in the History of the United States; Political Economy.

Professor ROBINSON: History of Real Property; Canon Law; Parliamentary Law.

Professor DEXTER: American History.

Professor BALDWIN: Conflict of Laws; Comparative Jurisprudence.

Professor PLATT: General Jurisprudence.

Professor WOOLSEY: International Law.

Mr. A. S. WHEELER: the Institutes of Gaius and Justinian; select titles of the *Corpus Juris*; German text-books of Roman Law.

### *3. Philological Science ; Literature*

Professor THACHER, Professor PECK, and Professor H. P. WRIGHT: selected Latin authors; History of Roman Literature; Early Latin; Latin Philology; Latin Composition; Roman History and Archæology.

Dr. J. H. TRUMBULL: the American Indian Languages, especially the dialects of the Algonkin family.

Professor WHITNEY: the general principles of Linguistic Science; the Comparative Philology of the Indo-European Languages; the Sanskrit Language.

Professor PACKARD and Professor SEYMOUR: critical reading of Greek authors; History of Greek Literature; Greek Antiquities; Greek Metres.

Professor WILLIAMS: the Chinese Language and Literature.

Mr. VAN NAME: the elements of the Japanese Language.

Professor LOUNSBURY and Professor BEERS: the Anglo-Saxon Language; the early forms and literature of English.

Professor CARTER : the older Germanic Languages and Literature, including Gothic.

Professor KNAPP : Spanish ; Italian ; Old French and Provençal ; the Russian Language.

Professor DAY : the Hebrew and other Semitic Languages.

#### 4. *Mathematics*

Professor NEWTON : Calculus ; Analytical Mechanics ; Lunar and Planetary Theories ; Higher Geometry.

Professor CLARK : Definite Integrals ; Differential Equations ; Analytical Mechanics ; the Theory of Numerical Approximations ; the Method of Least Squares.

Professor GIBBS : the Laws of Vibratory and Undulatory Motion, with especial reference to Light and Sound ; the Potential Function, with its application to the theories of Electricity and Magnetism ; Capillarity.

#### 5. *Physics ; Chemistry ; Astronomy*

Professor LOOMIS : Meteorology, with especial reference to the laws of storms.

Professor NORTON : Spherical Astronomy.

Professor LYMAN : the use of Meridional and other Astronomical Instruments.

Professor JOHNSON : Theoretical and Analytical Chemistry.

Professor A. W. WRIGHT : Physical Measurements, with Practical Exercises in the Physical Laboratory, in the departments of Heat, Light, and Electricity.

Professor O. D. ALLEN : Analytical Chemistry.

Professor DUBOIS : Thermodynamics.

Dr. WALDO : the Theory and Practice of Micrometry ; Practical Thermometry.

#### 6. *Geology ; Natural History*

Professor J. D. DANA : Geology.

Professor BRUSH : the Analysis and Determination of Mineral species ; Descriptive Mineralogy.

Professor EATON : Structural and Systematic Botany, including the North American Flora and the description of genera and species.

Professor MARSH : Palæontology ; Comparative Osteology.

Professor VERRILL and Professor S. I. SMITH : Zoology.

Professor E. S. DANA : Optical Mineralogy ; Crystallography.

Mr. G. W. HAWES : Microscopic Mineralogy and Lithology.

#### 7. *Applied Science*

Professor NORTON : Applied Mechanics.

Professor LYMAN : Astronomical Spectroscopy.

Professor JOHNSON : Agricultural Chemistry.

Professor BREWER : Agriculture ; Forest Culture.

Professor O. D. ALLEN : Metallurgy ; Assaying.

Professor DUBOIS : Dynamical Engineering.

### 8. *Fine Arts*

For the instruction open to Graduates in the School of the Fine Arts, see page 73.

---

THE DEGREE OF MASTER OF ARTS is conferred on Bachelors of Arts of two years' standing or upwards, who have given to the Academical Faculty evidence of having made satisfactory progress in liberal studies after receiving their first degree.

Such evidence may be furnished by one year's systematic study (not professional) in New Haven, under the direction of the Academical Faculty, followed by an examination.

Such Bachelors of Arts of this College as may not choose to reside at the College for the prosecution of study, may show, at any time not less than three years after graduation, by their printed essays, or by submitting to special examinations, that they have spent a year in liberal (and non-professional) study, and are worthy of recommendation for this degree.

A committee of the Faculty is appointed (consisting, for the present year, of Professors NEWTON and WHEELER), to whom candidates for this degree must submit their proposed courses of study by the first of November in each year; and the evidence of a year's study must be submitted to the same committee by the first of the following June.

In the case of resident students, the charge for instruction will usually be one hundred dollars, with a fee of ten dollars for the degree. In the case of non-residents, the fee for examinations and the degree will usually be twenty-five dollars.

---

THE DEGREES OF CIVIL AND DYNAMIC ENGINEER are conferred on Bachelors of Philosophy who have taken the first degree in Engineering study, and who pursue a higher course for at least two years, sustaining a final examination, and giving evidence of their ability to design important constructions, and make the requisite drawings and calculations. The fee for graduation is five dollars.

# UNDERGRADUATE ACADEMICAL DEPARTMENT

---

ALL CANDIDATES FOR ADMISSION to the Freshman Class are examined in the following books and subjects:

Latin Grammar.

Cæsar—four books of the Gallic war, or Sallust's Jugurthine war.

Cicero—seven Orations.

Vergil—Bucolics, Georgics, and first six books of the Æneid, including Prosody.

The translation, at sight, of passages from Cicero or Cæsar.

The translation into Latin of a connected passage of English prose. [As special importance will be given to this part of the examination, it is suggested to teachers that they connect exercises in making Latin, both oral and written, with all the Latin studies of the preparatory course.]

Roman History—Creighton's Primer of Roman History is suggested, as indicating the amount required.

---

Greek Grammar—with translation of English into Greek.

Xenophon—Anabasis, four books.

Homer—Iliad, three books, with Prosody.

The translation, at sight, of a passage from some work of Xenophon.

Greek History.

The rules for pronunciation given in Hadley's Grammar are recommended as a guide. For Greek History, Dr. William Smith's or Fyffe's text book, and for Greek Composition, Jones's Exercises or White's Lessons, are suggested.

---

Higher Arithmetic—including the metric system of weights and measures.

Algebra—so much as is included in Loomis's Treatise, up to the chapter on Logarithms.

Euclid—first two books, or the whole of Plane Geometry in any other text-book. The candidate must be prepared to draw the figures for the demonstration of propositions.

---

English Grammar and Geography; a thorough knowledge of which is required.

---

THE REGULAR EXAMINATION FOR ADMISSION to college is held at Graduates' Hall, New Haven, on the Thursday, Fri-

day, and Saturday following Commencement (June 30, July 1, 2, 1881); *attendance is required at the beginning of the examination, at 9 A. M. on Thursday.* The examination is wholly in writing; copies of papers recently given will be sent by the Secretary on application.

In 1881 examinations for admission to the Freshman Class (but not to higher classes) will also be held in Chicago and in Cincinnati (beginning on Thursday, June 30, at 9 A. M.) at a place to be announced in the local newspapers of the day previous. Candidates who propose to be present are requested to send their names to the Secretary before June 15. A fee of five dollars will be charged for admission to these examinations.

A second examination (for those who cannot attend the first) is held in New Haven at the beginning of the College year, on Tuesday and Wednesday (Sept. 13, 14, 1881); candidates for this examination must be present at Graduates' Hall at 9 A. M. on Tuesday.

Persons applying to be examined at other times must first obtain special permission from the Faculty, and pay to the Treasurer a fee of ten dollars. In general, no examinations for admission to the next Freshman Class can be held before Commencement, or during vacation.

ADVANCED STANDING—All candidates for advanced standing, *whether from other Colleges or not*, are examined in addition to the preparatory studies, in those studies already pursued (see next page) by the class which they wish to enter. In the several languages, for the particular books studied by the Class equivalent amounts from other books may be offered.

Bachelors of Arts or of Philosophy of any institution may join the Senior Class (without examination and without becoming candidates for the Bachelor's degree), as candidates for the degree of Doctor of Philosophy after three years' study. (See p. 48.)

No one can be admitted to the Senior Class after the beginning of the second term.

AGE—No one can be admitted to the Freshman Class till he has completed his fifteenth year, nor to an advanced standing without a corresponding increase of age.

TESTIMONIALS—Satisfactory testimonials of good moral character (preferably from the last principal instructor) are in

all cases required, before a certificate of admission is granted ; and students from other Colleges must present certificates of dismission in good standing.

BOND—Every person must give to the Treasurer, on being admitted, a bond, executed by his parent or guardian, for five hundred dollars, as security for the payment of charges arising under the laws of the college. A blank form for this purpose will be furnished at the time of admission.

---

THE COURSE OF INSTRUCTION occupies four years. In each year there are two terms.

The following is a scheme of the studies, or, more correctly, of equivalents which will be accepted from candidates for advanced standing:—

#### FRESHMAN YEAR :

FIRST TERM—*Greek*—Homer's *Odyssey*, begun. *Latin*—Livy, begun ; Cicero's *Second Philippic* ; Arnold's *Latin Composition* (to page 150). *Mathematics*—Loomis's *Algebra* ; Todhunter's *Euclid*, first four books ; Chauvenet's *Geometry*. *Hygiene*—Lectures.

SECOND TERM—*Greek*—Homer's *Odyssey*, continued through five books ; Herodotus, one book ; Boise's *Exercises in Greek Syntax* (to page 85). *Latin*—Livy, continued through one book ; Cicero *de senectute* ; Ovid, Ramsay's *Selections* ; Roman *Antiquities*. *Mathematics*—Chauvenet's *Geometry* ; Richards's *Plane Trigonometry*, first six chapters. *Rhetoric*—Recitations and Lectures. Compositions.

#### SOPHOMORE YEAR :

FIRST TERM—*Greek*—Six *Orations of Demosthenes*. *Latin*—*Odes of Horace* ; *Agricola and Germania of Tacitus*. *Mathematics*—Richards's *Plane and Spherical Trigonometry*. *Rhetoric*—Lectures on *Composition*. Compositions.

SECOND TERM—*Greek*—*Prometheus of Æschylus* ; *Xenophon's Memorabilia*, one book ; *Antigone of Sophocles* ; *Plato's Apology of Socrates and Crito*. *Latin*—*Satires and Epistles of Horace* ; *Satires of Juvenal* ; Cicero *de officiis*. *Mathematics*—Richards's *Spherical Trigonometry* ; Loomis's *Analytical Geometry* ; *Mensuration, Navigation, and Surveying* ; *Mechanics*. *Rhetoric*—Lectures on *Elocution, with practice*. *Declamations*. Compositions.

#### JUNIOR YEAR :

FIRST TERM—*Physics*—Ganot's *Physics*. *German*—Whitney's *Grammar and Reader* ; *German Composition*. *English*—Chaucer, Milton ; *Forensic Disputations*. *Chemistry*—Barker's *Chemistry* ; Lectures.

For optional studies (*Latin, Greek, Mathematics, French, Spanish, Italian, English*) see below.

SECOND TERM—*Natural Philosophy*—Ganot's Physics. Lectures. *Rhetoric*—Forensic Disputations. *German*—Whitney's Grammar and Reader ; German Composition. *Astronomy*—Loomis's Astronomy. *Logic*—Jevons's Logic.

For optional studies (*Latin, Greek, Mathematics, French, Spanish, Italian, English, Anglo-Saxon, Zoology, Botany, Fine Arts*) see below.

#### SENIOR YEAR :

FIRST TERM—*Mental Philosophy*—Porter's Human Intellect. Lectures. *Geology*—Dana's Geology. *Political Science*—Mill's Political Economy. Lectures. *Rhetoric*—Compositions.

For optional studies (*Latin, Greek, French, German, Spanish, Italian, Sanskrit, Mathematics, Astronomy, Mineralogy, European History*) see below.

SECOND TERM—*Natural Theology and Evidences of Christianity*—Lectures. *Moral Philosophy*—Recitations. Lectures. *History of Philosophy*—Schwegler's History. *History*—Hallam's Constitutional History. Lectures. *Evolution and Cosmogony*—Lectures. *Rhetoric*—Compositions. *Political and Social Science*—Recitations. Lectures. *Elements of Jurisprudence and American Constitutional Law*—Lectures.

For optional studies (*Philosophy, Latin, Greek, French, German, Spanish, Italian, Sanskrit, Linguistics, Mathematics, Physics, Meteorology, Geology, Palæontology, American History, Political Science, Fine Arts*) see below.

OPTIONAL STUDIES—Every student is required to have four exercises a week in an optional study, during Junior and Senior years. Change from one optional to another is allowed at the end of Junior year, and also to a new optional whenever one is begun. In cases where an optional is withdrawn before the end of a year, any of the other optionals may be chosen in its place, provided the instructor is upon examination satisfied of the student's fitness to enter the class. Any student who can on examination show thorough acquaintance, in advance, with one or more of the required studies of Junior or Senior year, may choose instead a second optional. The following courses of optional studies are provided.

#### I. PHILOLOGY

I. ANCIENT LANGUAGES : (a) GREEK, through Junior and Senior years, four exercises a week, with Professor Packard. (b) LATIN, through Junior and Senior years, with Professors Thacher and Peck, four exercises a week. (c) LATIN and GREEK, two exercises a week in each, through Junior and

Senior years, with Professors Thacher, Packard, and Peck. (*d*) SANSKRIT, through Senior year, with Professor Whitney, two double exercises a week.

2. MODERN LANGUAGES AND LITERATURE : (*a*) FRENCH, through Junior and Senior years, four exercises a week, with Professor Knapp ; in Junior year, French Composition, authors of the XIXth century ; in Senior year, French Composition, authors of the XVIIth and XVIIIth centuries, the French language being the only medium of instruction. A thorough knowledge of the elements of the French Language is required of students who choose French as an optional study in Junior year. The examination may be passed at the time of the Sophomore annual examination, or at the beginning of Junior year, and will be upon pages 1-128 of Chardenal's First French Course, or upon pages 6-148 of Keetels's Elementary French Grammar. (*b*) SPANISH, through Junior and Senior years, four exercises a week, with Professor Knapp ; Grammar and Exercises, with special reference to commercial correspondence and conversation, together with prose readings in living authors, and subsequently readings in Cervantes, Lope de Vega, and Calderon. (*c*) ITALIAN, through Junior and Senior years, with Mr. Speranza, four exercises a week ; a special fee, \$30 a year, will be charged. (*d*) GERMAN, through the first term and the first half of the second term of Senior year, four exercises a week, and during the remainder of the year two exercises a week, with Professor Carter ; Schiller's *Die Piccolomini*, Goethe's *Iphigenie*, selections from Goethe's Prose, Lessing's *Nathan der Weise*, German Composition. (*e*) ANGLO-SAXON, through the second term of Junior year, with Professor Beers, four exercises a week ; Sweet's Anglo-Saxon Reader. (*f*) ENGLISH LITERATURE, through Junior year, with Professors Northrop and Beers, four exercises a week ; Shakspeare, Spenser, and other authors ; History of the Language and Literature.

3. LINGUISTICS : Through the first half of the second term of Senior year, two exercises a week, with Professor Whitney.

## II. INTELLECTUAL PHILOSOPHY

With President Porter, through the second term of Senior year, two exercises a week.

## III. HISTORY AND POLITICAL SCIENCE

1. EUROPEAN HISTORY, through the first term of Senior year, with Professor Wheeler, four exercises a week ; Hallam's *Middle Ages*.

2. AMERICAN HISTORY, through the second term of Senior year, with Professor Dexter, two exercises a week ; Frothingham's *Rise of the Republic* ; von Holst's *Constitutional History of the United States*.

3. POLITICAL ECONOMY, through the second term of Senior year, with Professor Sumner, two exercises a week.

## IV. MATHEMATICS AND ASTRONOMY

1. MATHEMATICS, through Junior and Senior years, four exercises a week, with Professor Newton ; Loomis's *Calculus*, followed by *Analytical Mechanics* or *Higher Geometry*.

2. ASTRONOMY, through the second term of Senior year, two exercises a week, with Professor Loomis ; Loomis's *Practical Astronomy*.

## V. MOLECULAR AND TERRESTRIAL PHYSICS

1. PHYSICS, through the second term of Senior year, two exercises a week, with Professor A. W. Wright.
2. METEOROLOGY, through the first term of Senior year, with Professor Loomis, four exercises a week ; Loomis's Meteorology.

## VI. NATURAL SCIENCE AND GEOLOGY

1. GEOLOGY, through the first half of the second term of Senior year, with Professor J. D. Dana, two exercises a week ; Dana's Manual.
2. MINERALOGY AND MATHEMATICAL CRYSTALLOGRAPHY, through the first term of Senior year, with Professor E. S. Dana, four exercises a week ; Dana's Text-Book.
3. BOTANY, through the second half of the second term of Junior year, with Professor Eaton, four exercises a week.
4. ZOOLOGY, through the second half of the second term of Junior year, four exercises a week, with Dr. J. K. Thacher.

## VII. FINE ARTS

Four exercises a week, through the second term of Junior year, under Professor Niemeyer, in Drawing, and Professor Weir, in the Principles and Means of Art ; and two exercises a week through the second term of Senior year, under Professor Niemeyer, in Drawing, and Professor Hoppin, in the History of Art. The usual fees in the School of the Fine Arts (\$18 for three months) are payable.

---

EXERCISES IN DECLAMATION AND COMPOSITION—The Senior Class have exercises in English composition, and the Junior Class in forensic disputation, through the year. The Sophomore Class during the whole year, and the Freshman Class during the latter half of the second term, have exercises in English composition.

The Sophomore Class have regular exercises in elocution ; and once a week, during a part of the year, have an exercise in declamation before the Professor of Rhetoric and the members of the Class.

PUBLIC EXAMINATIONS are held at the close of the first and at the middle of the second term, on the studies of the term and half-term ; and, at the close of the year, on all the studies of the year. The annual examinations are conducted wholly in writing, and continue for about two weeks.

VOCAL MUSIC—Gratuitous instruction in Vocal Music is given during a part of the year (the exercises being open to members of all the Departments of the College), subject, however, to a small charge for fire and lights.

## TERMS AND VACATIONS

THE PUBLIC COMMENCEMENT is held on the last Wednesday in June. The first term begins eleven weeks from the day after Commencement-day and continues fourteen weeks ; the

second term begins on the second Thursday in January and continues until Commencement-day, with a spring recess—usually of eight days—including Easter. (See Calendar, p. 4.) The exercises of each term begin with prayers in the Chapel on Thursday morning.

LEAVE OF ABSENCE—No student is allowed to be absent without special leave, except in the vacations.

### PUBLIC WORSHIP

PRAYERS are attended in the Battell Chapel every morning, with reading of the Scriptures and singing, and all the students are required to be present.

PUBLIC WORSHIP is held in the Chapel on Sundays, at which all the students are required to attend, except such as have special permission to attend the worship of other denominations, to which their parents belong. Such permission can be obtained only on presenting to the President a written request therefor from the parent or guardian.

### GYMNASIUM

THE GYMNASIUM is designed to provide all the students with opportunities for exercise. Those who use the bath-rooms pay a small fee for tickets.

### EXPENSES

THE TREASURER'S BILLS are made out three times a year, viz., at the close of the first term, and at the middle and at the close of the second term, at which times they are payable. The bills must be paid within two weeks after the beginning of the succeeding term or half-term, or the student is liable to be prohibited from reciting. Drafts on Boston, New York, and Philadelphia will be received at par.

The annual charge for tuition and incidentals is \$140.

For the rent and care of a half-room in the College buildings, the average charge is thirty-five dollars per year.

OTHER CHARGES—There are additional charges at graduation, amounting to eighteen dollars. If a student occupies a room alone, the charge for rent and care is ordinarily double that stated above.

**ABSENCE ON LEAVE**—A student who is absent from College on account of sickness, or for any other cause, and still retains his place in his class, pays full tuition during such absence.

**BOARD** is obtained at prices varying from three to six dollars a week. The average price is about four dollars and seventy-five cents.

**ROOMS**—There are in the College buildings about two hundred rooms occupied by students, at prices varying (according to location) from \$25 to \$140 per year, not including vacations. Students living out of College are not allowed to room in any building in which a family does not reside, except by special permission of the Faculty.

**FURNITURE, BOOKS, ETC.**—Students provide for themselves furniture, fuel, lights, and text-books; if books and furniture are sold when the student has no further necessity for them, the expenses incurred by their use will not be great.

**NECESSARY EXPENSES**—The following may be considered a near estimate of the *necessary* annual expenses, for a student occupying a half-room in College, without including apparel, traveling, and board in vacations :—

Treasurer's bill (according to location of room), from	\$160	to	\$220
Board, 37 weeks, - - - - -	"	110	to 220
Fuel, lights, and washing, - - - - -	"	30	to 60
Use of text-books and furniture, - - - - -	"	30	to 60
Total, - - - - -	\$330		\$560

**COLLEGE GUARDIAN**—As a precaution against extravagance, parents at a distance sometimes deposit funds with one of the Faculty; who, in that case, attends to the pecuniary concerns of the student, settles his bills, corresponds with the parent, and transmits an account of expenditures, for which services he charges a commission.

#### BENEFICIARY AID

The sum of \$12,000 and upwards, derived partly from permanent charitable funds, is annually applied by the Corporation for the relief of students who need pecuniary aid, especially of those preparing for the Christian ministry. About one hundred thus have their tuition either wholly or in part remitted. Students needing such aid should apply to the President before November 1st in each College year. Assist-

ance will be withdrawn from students who incur serious College censure, or who fail to maintain a reputable scholarship.

THE HARMER FOUNDATION OF SCHOLARSHIPS comprises six scholarships, each yielding one hundred dollars a year, to be given to deserving students of small means.

There are also eighteen other Scholarships, most of them yielding sixty dollars a year, which may be given to such students as shall be selected by the founders or the Faculty.

Students who need to avail themselves of the use of the Benevolent Library are supplied gratuitously with many of the text-books used in the College course.

### FELLOWSHIPS AND SCHOLARSHIPS

THE DOUGLAS FELLOWSHIP, with an income of about six hundred dollars a year, was founded in 1873 by Mrs. Samuel Miller, of New Haven, and named in memory of her brothers, Rev. Sutherland Douglas (Y. C. 1822) and George H. Douglas (Y. C. 1828). The incumbent, who must be a recent graduate of this department, pursuing non-professional studies in New Haven, is elected annually, but no person shall hold the fellowship for more than three years.

THE SOLDIERS' MEMORIAL FELLOWSHIP, with an annual income of six hundred dollars, was founded in 1875 by Mrs. Theodosia D. Wheeler, of New Haven, in honor of the alumni who fell in battle as Union soldiers, in the war of 1861-1865, and in especial remembrance of William Wheeler, of the class of 1855. The incumbent must be at the time of his election a graduate of this department, of not more than three years' standing. He shall reside in New Haven, pursuing non-professional studies, and may hold the Fellowship for a period not exceeding five years.

THE SILLIMAN FELLOWSHIP, with an annual income of about six hundred dollars, is awarded to a graduate of this department who has given evidence of proficiency and promise in some branch of physical science. The incumbent is elected annually, but no person shall hold the Fellowship for more than three years.

THE BERKELEY SCHOLARSHIP, yielding nearly sixty dollars a year, is awarded to the student in each Senior class who passes the best examination in the Greek Testament (Pauline Epistles), the first book of Thucydides, the first six books of

Homer's Iliad, Cicero's Tusculan Questions, Tacitus (except the Annals), and Horace; provided he remain in New Haven as a graduate, one, two, or three years.

THE CLARK SCHOLARSHIP, yielding one hundred and twenty dollars a year, is awarded in each Senior Class to the applicant who has passed the best annual examinations in the studies of the course; provided he remain in New Haven one or two years immediately after graduation, pursuing a course of study (not professional) under the direction of the Faculty.

THE LARNED SCHOLARSHIP, yielding three hundred dollars a year, and tenable for three years, is awarded in each Senior Class. The incumbent must reside in New Haven, pursuing a course of advanced study subject to the direction of the Faculty.

THE BRISTED SCHOLARSHIP, yielding about one hundred and fourteen dollars a year, is awarded, whenever there is a vacancy, to the student in the Sophomore or Junior Class who passes the best examination in the classics and mathematics. The successful candidate receives the annuity (forfeiting one-third in case of non-residence) until the end of the third year after graduation.

THE WOOLSEY SCHOLARSHIP, yielding sixty dollars a year, is awarded to the student in each Freshman Class, who passes the best examination in Latin Composition (excellence in which is essential to success), in the Greek of the year, and in the solution of algebraic problems. The successful candidate receives the annuity, under certain conditions, during the four years of his College course. The student who stands second at this examination receives for one year the income of the HURLBUT SCHOLARSHIP; and the student who stands third, the income for one year of the THIRD FRESHMAN SCHOLARSHIP. The income of each of these Scholarships is sixty dollars.

THE W. W. DEFOREST SCHOLARSHIP, yielding one hundred and twenty dollars, is awarded to a student in each Senior Class who has attained distinction in the study of French while in College, provided he remain in New Haven the year after graduation, pursuing a further course of study in the Romance languages under the direction of the Faculty.

#### PREMIUMS

THE DEFOREST PRIZE MEDAL, of the value of \$100, is awarded "to that scholar of the Senior Class who shall write and pronounce an English Oration in the best manner."

THE TOWNSEND PREMIUMS, five in number, of twelve dollars each, are awarded in the Senior Class for the best specimens of English Composition.

THE SENIOR MATHEMATICAL PRIZES (the first consisting of a gold medal of the value of ten dollars and of ten dollars in money, the second of ten dollars in money) are offered to the Senior Class for the best solutions of problems in both abstract and concrete mathematics.

COLLEGE PREMIUMS are offered to the Senior Class for the solution of problems in Practical Astronomy.

THE WINTHROP PRIZES (one of two hundred dollars and one of one hundred dollars) are offered to the Junior Class "for the most thorough acquaintance with the Greek and Latin poets," as shown at an examination during the latter half of the second term.

COLLEGE PREMIUMS are given in the Sophomore Class for English composition, and for declamation, and in the Sophomore and Freshman Classes for the solution of mathematical problems.

THE SCOTT PRIZE for excellence in German is offered to the Senior Class, and the SCOTT PRIZE for excellence in French to the Junior Class; these prizes are of the value of thirty dollars each, and are given in books.

BERKELEY PREMIUMS for Latin Composition are offered to the Freshman Class near the end of the year.

THE JOHN A. PORTER PRIZE, of two hundred and fifty dollars, is offered at each Commencement for the best English Essay. Any person who has been studying for a degree in any department of the University during the entire College year may compete for this prize.

## DEGREES

The degree of BACHELOR OF ARTS is conferred by the Corporation on those persons who have completed the course of academical exercises, as appointed by law, and have been approved on examination at the end of the course as candidates for the same. Candidates are required to pay their dues to the Treasurer as early as the Saturday before Commencement. For the degrees of Master of Arts and Doctor of Philosophy, see pages 48, 51.

## SHEFFIELD SCIENTIFIC SCHOOL

---

THE SHEFFIELD SCIENTIFIC SCHOOL is devoted to instruction and researches in the mathematical, physical, and natural sciences, with reference to the promotion and diffusion of science, and also to the preparation of young men for such pursuits as require special proficiency in these departments of learning.

The School, begun in 1847, and reorganized upon a more extensive scale in 1860, received in 1863, by the act of the Connecticut Legislature, the national grant for the promotion of scientific education under the Congressional enactment of July, 1862. It thus became in consequence the "College of Agriculture and the Mechanic Arts" of Connecticut.

OFFICERS AND INSTRUCTORS—Upon the Governing Board, consisting of the professors permanently attached to the School, devolves its internal management and the greater part of the instruction. In addition to these, and the instructors employed during the current year (mentioned on p. 38), instruction is given in Elementary and Free-hand Drawing by Professor Niemeyer, of the School of the Fine Arts.

The Board of State Visitors consists of the Governor, Lieutenant Governor, three Senior Senators, and the Secretary of the Board of Education.

The Board of Councilors, invited by the Corporation to advise and assist in the progress of the School, are as follows: Hon. J. E. ENGLISH, of New Haven; Hon. M. JEWELL, of Hartford; Hon. J. R. HAWLEY, of Hartford; Hon. O. F. WINCHESTER, of New Haven; JOSEPH E. SHEFFIELD, Esq., of New Haven; Professor J. D. DANA, of New Haven; HENRY FARNAM, Esq., of New Haven; M. DWIGHT COLLIER, Esq., of St. Louis; Hon. WILLIAM E. DODGE, of New York City.

The instruction is intended for two classes of students:—

I.—Graduates of this or other Colleges, and other persons qualified for advanced or special study.

II.—Undergraduates who desire a training, chiefly mathematical and scientific, in part linguistic and literary, for higher scientific studies, or for other occupations to which such training is suited.

## INSTRUCTION FOR GRADUATE AND SPECIAL STUDENTS

Persons who have gone through undergraduate courses of study, here or elsewhere, may avail themselves of the facilities of the School for more special professional training in the physical sciences and their applications, gaining in one, two, or three years the degree of BACHELOR OF PHILOSOPHY, or, in two additional years of Engineering study, that of CIVIL ENGINEER or DYNAMIC ENGINEER.

Or, engaging in studies of a less exclusively practical character, they may become candidates for the degree of DOCTOR OF PHILOSOPHY, under the conditions already stated (see p. 48). The instruction in such cases will be adapted to the particular needs and capacities of each student, and may be combined with that given by the instructors in other departments. The list of graduate studies pursued, either wholly in the Scientific School, or conjointly with other departments, will be found on pp. 49-51.

SPECIAL STUDENTS—For the benefit of those who, being fully qualified, desire to pursue particular studies without reference to obtaining a degree, special or irregular students are received in most of the departments of the School; not, however, in the Select Course, nor in the Freshman Class.

It should be distinctly understood that these opportunities are not offered to persons who are incompetent to go on with regular courses, but are designed to aid those who have received a sufficient preliminary education elsewhere to increase their proficiency in special branches.

## INSTRUCTION FOR UNDERGRADUATE STUDENTS

TERMS OF ADMISSION—Candidates must be not less than fifteen years of age, and must bring satisfactory testimonials of moral character from their former instructors or other responsible persons.

For admission to the Freshman Class the student must pass a thorough examination in the following subjects:

*English*—including grammar, spelling, and composition. In grammar, Whitney's Essentials of English Grammar, or an equivalent.

*History of the United States.*

*Geography.*

*Latin*—six books of Cæsar's Commentaries, or their equivalent, and simple exercises in prose composition.

*Arithmetic*—including the metric system of weights and measures.

*Algebra*—so much as is contained in Loomis's Treatise, up to the general theory of equations.

*Geometry*—Plane, solid, and spherical; including fundamental notions of symmetry, and examples of loci and of maxima and minima of plane figures:—an equivalent to the nine books of Chauvenet's Treatise, or to the ten books of Loomis's Elements and the Appendix, up to the section of Transversals.

*Trigonometry*—including the analytical theory of the trigonometrical functions, and the usual formulæ; the construction and use of trigonometrical tables; and the solution of plane triangles;—so much, for example, as is contained in Wheeler's Plane Trigonometry (Boston, 1877), or Richards's Plane Trigonometry (New York, 1878).

While no entrance examination is held in the *History of England*, candidates for admission are urgently advised to make themselves as familiar as possible with that subject; as a knowledge of it is essential to the most successful prosecution of some of the studies of the course.

Candidates will be allowed the option of passing on the above-named subjects in two successive years. In such a case they must present themselves for examination at the June examination of the first year in the following subjects or parts of subjects: *History of the United States, Geography, Arithmetic, Plane Geometry, and Algebra to Quadratic Equations.*

In order to have this preliminary examination counted, candidates must pass satisfactorily on *all* the subjects; and notice must be given of the intention to divide the examination to Professor G. J. Brush, Executive Officer of the School, on or before June 15.

In his preparation in GEOMETRY the candidate should, as far as practicable, have suitable exercises in proving simple theorems and solving simple problems for himself. It is important, too, that he should be accustomed to the numerical application of geometric principles, and especially to the prompt recollection and use of the elementary formulæ of mensuration. In TRIGONOMETRY he should be exercised in applying the usual formulæ to a variety of simple reductions and transformations, including the solution of trigonometrical equations. Readiness and accuracy in trigonometrical calculations are also of prime importance to the candidate. If the use of logarithms is postponed in his preparation till Trigonometry is taken up (which is by no means necessary or advisable), he should then have abundant applications of them to all forms of calculation occurring in ordinary practice, as well as to those appearing in the solution of triangles. Finally, in all of his calculations, he should study the art of neat, orderly, and readily intelligible arrangement.

In LATIN, in order to secure the attainment of the required proficiency, the student should have such continued training in parsing as shall make him thoroughly familiar with declensions and conjugations, and accurate and ready in the application of the rules of syntax. As an additional guarantee of the proper mastery of these grammatical elements, the requirement has been adopted of "simple exercises in prose composition." By this is meant merely, such a course of elementary exercises in translation, orally and in writing, from English into Latin as, in connection with the systematic parsing just mentioned, shall necessitate a familiarity with grammatical forms and the leading principles of syntax, and thus render the reading of the six books of Cæsar (or their equivalent) more thorough and fruitful. Since this course of elementary exercises in translation is designed as a preparation for reading, and not as a sequel to it, it should be invariably begun at the earliest stage of the study of Latin. To avoid any misapprehension of the nature of the extent of the requirement, the following works are specifically named, among which the candidate for examination may make his own selection. These are Harkness's "Introduction to Latin Composition," 112 pages; Leighton's "Latin Lessons," 91 pages; Smith's "Principia Latina," Part I; McClintock's "First Latin Book," 83 lessons (193 pp.). Any equivalent of these may be offered from the many useful books of a similar character. A knowledge of Prosody is not required.

The examinations for admission take place at North Sheffield Hall, on Thursday, Friday, and Saturday, June 30, July 1, 2, and on Tuesday and Wednesday, September 13, 14, 1881. Opportunities for private examinations may, in exceptional cases, be given at other times.

In 1881 examinations (for the Freshman Class only) will also be held in Chicago and in Cincinnati (beginning on Thursday, June 30, at 9 A. M.), at a place to be announced in local newspapers of the day previous. Candidates who propose to be present are requested to send their names to Professor G. J. Brush, Executive Officer of the School, before June 15. A fee of five dollars will be charged for admission to the examinations in Chicago and in Cincinnati.

Candidates for advanced standing in the undergraduate classes are examined, in addition to the preparatory studies, in those already pursued by the class they wish to enter. No one can be admitted as a candidate for a degree, later than at the beginning of the Senior year.

THE COURSES OF INSTRUCTION, occupying three years, are arranged to suit the requirements of various classes of students. The first year's work is the same for all; for the last two years the instruction is chiefly arranged in special courses.

The special courses most distinctly marked out are the following:—

- |   |                             |
|---|-----------------------------|
| (a.) In Chemistry ;   | (b.) In Civil Engineering ; |
| (c.) In Dynamical (or Mechanical) Engineering ;             |                             |
| (d.) In Agriculture ;                                       | (e.) In Natural History ;   |
| (f.) In Biology preparatory to Medical Studies ;            |                             |
| (g.) In studies preparatory to Mining and Metallurgy ;      |                             |
| (h.) In Select studies preparatory to other higher studies. |                             |

The arrangement of the studies is indicated in the annexed scheme.

#### FRESHMAN YEAR—INTRODUCTORY TO ALL THE COURSES

FIRST TERM—*German*—Whitney's Grammar and Reader. *English*—Lounsbury's History of the English Language ; Exercises in Composition. *Mathematics*—Analytical Geometry. *Physics*—Atkinson's Ganot, with experimental lectures. *Chemistry*—Recitations and Laboratory practice. *Elementary Drawing*—Practical Lessons in the Art School.

SECOND TERM—*Language, Physics, and Chemistry*—as stated above. *Mathematics*—Spherical Trigonometry (Wheeler's) ; Elements of Mechanics. *Physical Geography*—Lectures. *Botany*—Gray's Lessons, with Lectures. *Political Economy*—Elementary Lectures. *Drawing*—Isometric Drawing, with application to drawing from models and structures by measurement. Shading and tinting. Principles of orthographic projection. Reading of working drawings and isometric construction of objects from their orthographic projections. Sections.

For the Junior and Senior years the students select for themselves one of the following courses :

#### (a.) IN CHEMISTRY

##### JUNIOR YEAR :

FIRST TERM—*Theoretical Chemistry*—Lectures and Recitations. *Qualitative Analysis*—Fresenius's. *Laboratory Practice*. *Blowpipe Analysis*. *German, French*.

SECOND TERM—*Laboratory Practice*—Quantitative Analysis. *Mineralogy*—Blowpipe Analysis and Determination of Species. Lectures. *French, German*.

##### SENIOR YEAR :

FIRST TERM—*Organic Chemistry*—Lectures and Recitations. *Agricultural Chemistry*—Recitations (optional). *Laboratory Practice*—Volumetric and Organic Analysis. *Geology*—Dana's. *Zoology*—Lectures. *French*.

SECOND TERM—*Laboratory Practice*—Mineral Analysis and Assaying. *Geology*—Dana's Manual. *Metallurgy* (optional). *Mineralogy* (optional). *French*.

### (b.) IN CIVIL ENGINEERING

#### JUNIOR YEAR :

FIRST TERM — *Mathematics* — Elements of the Theory of Functions ; Numerical Equations ; Differential Calculus. *Surveying*—Field Operations. *Drawing*—Descriptive Geometry, begun. *German*. *French*.

SECOND TERM—*Mathematics* — Integral Calculus. Rational Mechanics. *Drawing*—Descriptive Geometry, concluded. Topographical. *Surveying*—Topographical. *German*. *French*.

#### SENIOR YEAR :

FIRST TERM—*Field Engineering*—Laying out Curves. Location of line of Railroad, with calculations of Excavation and Embankment. Hencks's Field Book for Railroad Engineers. *Civil Engineering*—Resistance of Materials. Bridges and Roofs, begun. Stone Cutting, with Graphical problems. *Geology*—Dana's. *Mineralogy*—Blowpipe Analysis and Determinative Mineralogy. *French*.

SECOND TERM—*Civil Engineering*—Bridges and Roofs. Building Materials. Stability of Arches and Walls. Mahan's Civil Engineering. *Dynamics*—Principles of Mechanism. Steam Engine. *Hydraulics*—Hydraulics and Hydraulic Motors. *Drawing*—Graphical Statics. *Astronomy*—Loomis's Astronomy, with practical problems. *Mineralogy*—continued. *Geology*—Dynamic. *French*.

### (c.) IN DYNAMIC ENGINEERING

#### JUNIOR YEAR :

FIRST TERM—*Mathematics*—Elements of the Theory of Functions ; Numerical Equations ; Differential Calculus. *Surveying*—Field Practice. *Drawing*—Descriptive Geometry, begun. *German*. *French*.

SECOND TERM — *Mathematics* — Integral Calculus. Rational Mechanics. *Kinematics* — General Theory of Motion and Principles of Mechanism ; Elementary Combinations of pure Mechanism ; Pulleys and Belts ; Gearing and forms of teeth for wheels ; Parallel Motions. *Drawing*—Descriptive Geometry, concluded. *German*. *French*.

#### SENIOR YEAR :

FIRST TERM—*Statics*—Application of the Principles of Statics to Rigid Bodies ; Elasticity and Strength of Materials ; Forms of Uniform Strength ; Stability of Structures ; Construction of Roof Trusses, Girders, and Iron

Bridges. *Machine Drawing*—Bolts and Nuts; Riveting; Journals, Axles, Shafts, Couplings, Pillow Blocks; Shaft-hangers, Pulleys; Connecting Rods and Cranks; Cross-heads; Pipe Connections; Valves; Steam Cylinders, Stuffing Boxes, Glands, etc. Shop Visits. *Blowpipe Analysis. French.*

SECOND TERM—*Hydrostatics and Hydrodynamics*—Equilibrium and Pressure of fluids; Hydrometers, Manometers, Gauges, etc.; Water Pressure Engines and Water Wheels; Construction of Water Reservoirs and Conduits; Measurement of Water Supply; Discharge of Pipes. *Thermodynamics*—General principles of Heat employed as a source of power; Theory of the Steam Engine; Hot Air Engines; Gas Engines. *Machine Designing*—Proportioning of Machine Parts, continued. Designing of Hoisting Engines; Shearing and Pumping Engines; Complete working drawings for a high speed Steam Engine. Shop Visits and Reports. *Metallurgy.*

#### (d.) IN AGRICULTURE

##### JUNIOR YEAR :

FIRST TERM—*Theoretical Chemistry*—Lectures and Recitations. *Qualitative Analysis*—Fresenius's. *Laboratory Practice. Blowpipe Analysis. German. French.*

SECOND TERM—*Laboratory Practice*—Quantitative Analysis. *Mineralogy*—Blowpipe Analysis and Determination of Species. *Physical Geography*—Lectures. *Physiology*—Huxley's. *Botany*—Lectures. *French. German.*

##### SENIOR YEAR :

FIRST TERM—*Agriculture*—Cultivation of the Staple Crops of the Northern States. Tree Planting and Forestry. *Agricultural Chemistry*—Johnson's. *Organic Chemistry*—Lectures and Recitations. *Geology*—Dana's. *Zoology. English. French.*

SECOND TERM—*Agriculture*—Laws of Heredity and Principles of Breeding; Lectures. *Geology*—Dana's. *Rural Economy*—History of Agriculture and Sketches of Husbandry in Foreign Countries; Systems of Husbandry. *Agricultural Chemistry*—Johnson's. *Geology*—Dana's. *Zoology. Botany. Microscopy. English. French.*

#### (e.) IN NATURAL HISTORY

(Either Geology, Mineralogy, Zoology, or Botany, may be made the principal study, some attention in each case being directed to the other three branches of Natural History.)

##### JUNIOR YEAR :

FIRST TERM—*Chemistry*—Qualitative Analysis; Laboratory Practice; Recitations. *Mineralogy*—Blowpipe Analysis and Determinative Mineralogy. *Botany*—Gray's Manual; Laboratory Practice. *German. French.*

SECOND TERM—*Zoology*—Laboratory Practice ; Recitations ; Excursions (land and marine). *Botany*—Laboratory Practice ; Excursions. *Physiology*—Huxley's. *Mineralogy*—continued. *Physical Geography*. German. French.

#### SENIOR YEAR :

FIRST TERM—*Geology*—Dana's ; Excursions. *Zoology*—Laboratory Practice ; Lectures ; Recitations ; Excursions ; *Botany*—Herbarium Studies ; Gray's Text-book ; Excursions. French.

SECOND TERM—*Geology*—Dana's. *Anatomy of Vertebrates*—Huxley's. *Zoology*—Laboratory Practice ; Recitations ; Lectures. *Botany*—Herbarium Studies, especially in the Cryptogamous Orders ; Botanical Literature ; Essays in Descriptive Botany. *Meteorology*. French.

Besides the regular courses of recitations and lectures on structural and systematic Zoology and Botany, and on special subjects, students are taught to prepare, arrange, and identify collections, to make dissections, to pursue original investigations, and to describe genera and species in the language of science. For these purposes, large collections in Zoology and Palæontology belonging to the College are available, as are also the private botanical collections of Professor Eaton.

### (f.) IN BIOLOGY—PREPARATORY TO MEDICAL STUDIES

#### JUNIOR YEAR :

FIRST TERM—*Theoretical Chemistry*—Lectures and Recitations. *Qualitative Analysis*—Fresenius's ; Laboratory Practice ; Recitations. *Mineralogy*—Blowpipe Analysis and Determinative Mineralogy. German. French.

SECOND TERM—*Physiology*—Huxley's, with Practical Exercises. *Toxicology*—Fresenius's ; Laboratory Practice ; Recitations and Lectures. *Physiological Chemistry*—Sanderson's Handbook ; Recitations and Laboratory Work. *Mineralogy*—continued. *Botany*—Lectures, Practical Exercises in Phenogamous Plants, and Excursions. German. French.

#### SENIOR YEAR :

FIRST TERM—*Physiological Chemistry*—continued. *Organic Chemistry*—Lectures and Recitations. *Zoology*—Lectures. *Botany*—Practical Exercises. Lectures and Excursions. *Geology*—Dana's Manual. French.

SECOND TERM—*Comparative Anatomy and Histology*—Laboratory Practice and Recitations. *Geology*—Dana's Manual. *Zoology*—Lectures. *Laws of Heredity and Breeding*—Lectures. French.

### (g.) IN STUDIES PREPARATORY TO MINING AND METALLURGY

Young men desiring to become Mining Engineers, can pursue the regular course in Civil or Mechanical Engineering, and at its close can spend a fourth year in the study of metallurgical chemistry, mineralogy, etc.

(h.) IN THE SELECT STUDIES PREPARATORY TO OTHER  
HIGHER STUDIES

JUNIOR YEAR :

FIRST TERM—*Mineralogy*—Blowpipe Analysis and Determinative Mineralogy. *Astronomy*. *English*—Early English. *History*—Freeman's Outlines. *French*. *German*.

SECOND TERM—*Mineralogy*—Lectures. *Physical Geography*—Guyot ; Lectures. *Botany*—Lectures ; Excursions ; Laboratory Practice. *English*—Chaucer, Bacon, Shakspeare. *History*—Freeman's Outlines, with Lectures. *Political Economy*—Rogers's Manual. *German*. *French*.

SENIOR YEAR :

FIRST TERM—*Geology*—Recitations and Excursions. *Zoology*—Lectures and Excursions. *Linguistics*—Whitney's Life and Growth of Language. *English*—Shakspeare. *History*—Constitutional History of the United States ; Lectures. *Political Economy*—Lectures. *French*.

SECOND TERM — *Geology* — continued. *Meteorology* — Lectures. *Political Economy*—Lectures. *English*—Shakspeare, Milton, Dryden, Pope, and later authors. *History*—Political History of U. S.; History of Europe from 1848 ; Lectures. *French*.

Exercises in English Composition are required during the entire course from all the students. The preparation of graduating theses is among the duties of the Senior Year.

Lectures on Military Science and Tactics are annually given by General Abbott, and other officers of the Engineer Corps of the United States Army.

---

THE TERMS AND VACATIONS correspond with those of the Academical Department. (See Calendar, p. 4.)

EXPENSES—The charge for tuition for undergraduate students is \$150 per year, payable, \$55 at the beginning of the first and second term, and \$40 at the middle of the second term. The special student of Chemistry has an additional charge of \$70 per annum for chemicals and use of apparatus. He also supplies himself with gas, flasks, crucibles, etc., the cost of which should not exceed \$10 per term. A fee of \$5 is charged members of the Freshman Class for chemicals and materials used in their laboratory practice, and the same fee

is required from all (except Chemical students) who take practical exercises in Blowpipe Analysis and Determinative Mineralogy. A fee of \$5 a term is also charged to students in the Zoological Laboratory, for materials and use of instruments. An additional charge of \$5 is annually made to each student for the use of the College Reading Room and Gymnasium.

For graduate students the charge for tuition will be \$100 per year.

THE FEES for graduation as BACHELOR OF PHILOSOPHY, are \$10; unless the person taking the degree is also a graduate of the Academical department, when the fee is but \$5.

## DEGREES

THE DEGREE OF BACHELOR OF PHILOSOPHY is conferred on those who have completed one of the three-year courses, and have passed the examination at its close.

CIVIL AND DYNAMIC ENGINEER—See page 51.

DOCTOR OF PHILOSOPHY—See page 48.

## SCHOOL OF THE FINE ARTS!

---

THE COUNCIL of this Department consists of the following *ex-officio* members:—the President of the College, the President of the National Academy of Design, the President of the New York Museum of Art, and the Director of the School, who is also the Secretary; together with four members by election, Mr. HENRY FARNAM, Mr. DONALD G. MITCHELL, Mr. EDWARD E. SALISBURY, and Mr. JOHN D. WHEELER.

THE FACULTY, on whom devolves the internal management of the School, consists of the President of the College, and the Professors whose names and departments of instruction are as follows:—JOHN F. WEIR, Professor of Painting, and Director of the School; JAMES M. HOPPIN, Professor of the History of Art; JOHN H. NIEMEYER, Professor of Drawing. Other instructors are, FREDERICK R. HONEY, in Geometry and Perspective; JOHN P. C. FOSTER, M.D., in Anatomy; HARRISON W. LINDSLEY, in Architecture; CHARLES R. LOOMIS, Assistant in Drawing.

The School has for its end the cultivation and promotion of the Arts of Design, viz.: PAINTING, SCULPTURE, and ARCHITECTURE, both in their artistic and æsthetic aims, through practice and criticism. The aim is—

1st. To provide thorough technical instruction in the Arts of Painting, Sculpture, and Architecture.

2d. To furnish an acquaintance with all branches of learning relating to the History, Theory, and Practice of Art.

The courses of instruction provided under these heads—of Practice and Criticism—may be regarded as distinct, or correlative, embracing that technical and theoretical knowledge of art which is no less desirable for the critic than for the artist.

THE COURSE OF INSTRUCTION, covering three years, is arranged as follows:

## I. DEPARTMENT OF DRAWING AND PAINTING

*First Year :*

DRAWING—from the flat, from the antique, from the living model.

PERSPECTIVE—projection drawing ; linear perspective.

ANATOMY—the skeleton ; articulations ; muscular system.

LECTURES—the elements of form ; principles and means of art.

*Second Year :*

DRAWING—technical practice ; studies from the living model.

PERSPECTIVE—shadows and reflections : applications and examples.

ANATOMY—the anatomy of external forms ; proportions ; equipoise and motion.

PAINTING—technical discipline ; studies from casts and still-life.

LECTURES—on color, chiaroscuro, and composition.

*Third Year :*

PAINTING—technical practice ; studies from the living model.

COMPOSITION—studies in color and chiaroscuro ; design.

LECTURES—on the history, theory, and practice of art.

In the departments of Drawing and Painting the practice of the studio is based upon the study of the human form.

The practice in drawing is supplemented by lectures on Form and Proportion, and that in painting by lectures on Color, Chiaroscuro, and Composition.

Drawing is continued, without interruption, through the first half of the course, or until the student evinces that proficiency which will warrant advancement. Painting is continued through the remainder of the course. Students will be encouraged to remain in the School and pursue advanced studies after the three years' course is completed.

In PERSPECTIVE, instruction is given in the form of lectures ; students will be required to work out the examples, or problems, and submit them for examination at the next meeting of the class. The subject has two divisions : the first is devoted to projection drawing and linear perspective ; the second to shadows and reflections, with applications and problems. At the close of the course an examination is held, and the standing of the student determined.

In ANATOMY, instruction is likewise given in the form of lectures. This subject has also two divisions ; the first is

devoted to the bones and articulations of the skeleton, and the muscular system; the second to the anatomy of external forms, proportions, equipoise, and motion. Students are required to draw, in detail, the parts under discussion by the lecturer, and submit the same, for examination, at the next meeting of the class. At the close of the course the relative standing of the pupils is determined by examination.

AN ART OPTIONAL, for undergraduate Academical students is continued from January 1 to June 1. For the Juniors it consists of four exercises of two and a half hours each, per week, in Drawing, with a weekly lecture on the Principles and Means of Art: and for the Seniors of two exercises a week, of two and a half hours each, with a weekly lecture on the History of Art.

---

## II. DEPARTMENT OF SCULPTURE

### *First Division :*

MODELING—from casts of heads, and fragments of antique statues.

ANATOMY—skeleton ; articulations ; muscular system.

LECTURES—on form ; principles of proportion.

### *Second Division :*

MODELING—from the living model.

ANATOMY—external forms ; equipoise and motion.

LECTURES—history of Greek Sculpture.

---

## III. DEPARTMENT OF ARCHITECTURE

### *First Division :*

DRAWING—from the flat, from casts of Architectural ornaments, India-ink and water-color drawing.

MATHEMATICS\*—plane descriptive geometry ; isometric projection ; linear perspective.

ARCHITECTURE—the five orders ; studies of classical details ; projects—doors, windows, porticos, etc.

\* Students having the requisite knowledge of mathematical subjects may omit them, but will be required to pass examinations in the subjects specified above.

*Second Division :*

DRAWING—Casts of architectural ornament ; water colors.

MATHEMATICS—descriptive geometry, including warped surfaces and stone-cutting ; resistance of materials.

ARCHITECTURE—history of architecture ; the various styles ; studies of details in various styles ; projects—dwelling-houses, stores, public-buildings, etc.

PROJECTS will be given out once a month (or once in two months), and the finished drawings will be placed on exhibition for comparison at the end of the year. Examinations will be held, and, at the close of the course, a programme will be given for a final project and thesis.

---

COURSES OF LECTURES are provided in each department of instruction, in addition to the technical discipline. These lectures, on the History and Philosophy of Art, and kindred subjects, are illustrated with photographs, thrown upon a screen by the calcium light. The attendance of the students on all the lectures, with the exception of public lectures, is obligatory.

AN EXHIBITION of the work of students is opened June 1st, and continues through the summer vacation.

PRIZES may be competed for, both in Drawing and Painting, at the close of the course ; the necessary qualification includes, in drawing, an approved knowledge of perspective ; and in painting, a requisite acquaintance with anatomy—as provided for by the instruction given in these branches.

DIPLOMAS are only awarded those who remain through the full course, or pass the requisite examinations.

The CHARGE FOR TUITION is \$36.00 for three months, *in advance* ; and no student will be admitted for a shorter period. Undergraduate students, in any department of the College, are charged one-half the usual rate of tuition. Art students are admitted *free* to all the lectures delivered in the school, whether public lectures or those in regular course ; to the collections at all times ; and are entitled to such privileges, under the usual restrictions, as are granted to students in the other departments of the College.

The School is open to both sexes, but no student will be admitted under fifteen years of age.

The ART LIBRARY is open at specified hours for the use of students.

The COLLECTIONS embrace the "Jarves Gallery of Italian Art," numbering one hundred and twenty paintings, dating from the 11th to the 17th centuries; the "Trumbull Gallery" of original portraits and other works, by John Trumbull, numbering fifty-four pictures; a collection of portraits and works of contemporaneous art, numbering about one hundred pictures; together with about one hundred and fifty casts and marbles, the former from many of the best productions of ancient art. The Collections are open daily for the use of students, and to the public, during the winter, from 1 to 5 P. M.; and during the summer, from 9 A. M. to 6 P. M. The proceeds of the exhibitions are applied to the incidental expenses of the School.

"Students' Season Tickets," at fifty cents each, admitting the holders to the Exhibitions throughout the year, are furnished to students of all other departments of the College.

This department is open to all who desire to avail themselves of its instructions, without restriction, save as to age and general good character. It aims to embrace a wide field of usefulness in connection with the knowledge and promotion of art, and to offer every facility to the student, both in the way of criticism and technical discipline.

The term begins October 1st and ends on the 31st of May.

All applications for admission to the School should be made through the Director. It is particularly desirable that these applications be made before October 1st.

# DEPARTMENT OF THEOLOGY

---

THE FACULTY OF THIS DEPARTMENT consists of the President of the College, a Lecturer on Church Polity and American Church History, a Professor of Hebrew Literature and Biblical Theology, a Professor of Systematic Theology, a Professor of Homiletics and the Pastoral Charge, a Professor of Ecclesiastical History, and a Professor of Sacred Literature.

THE CONDITIONS OF ADMISSION are membership in some evangelical church, or other satisfactory evidence of Christian character, and a liberal education at some College, or, in exceptional cases, an equivalent preparation for theological studies. Students of every Christian denomination, in case they are possessed of these qualifications, are admitted.

It is expected that every student will be promptly on the ground at the beginning of the session. Rooms are assigned in the order of application, but no room will be reserved for any applicant who neglects to appear, beyond one week after the opening of the term.

THE REGULAR COURSE OF INSTRUCTION occupies three years, and is arranged in the following order :

## JUNIOR YEAR :

Professor DAY will lecture on the Encyclopedia and Literature of Theology, and give instruction in Hebrew Grammar and Philology. Portions of the historical books of the Old Testament in the original will be carefully read and analyzed, and critical and exegetical dissertations presented by the class on points of special difficulty or importance.

Professor DWIGHT will give instruction in the exegetical study of the Greek New Testament. The course includes, in addition to the regular exegetical exercises, the critical investigation of the Greek text and the study of the subjects connected with the Introduction to the New Testament. Dissertations of a critical and exegetical character will, also, be prepared by the students and discussed in the presence of the class.

Professor HARRIS will lecture on Mental Philosophy with special reference to the study of Theology ; also on Natural Theology, the Evidences of Christianity, and the Inspiration of the Scriptures ; also, as incidental to these topics, on the various forms of Skepticism.

## MIDDLE YEAR :

Professor HARRIS will lecture on Systematic Theology. This course will include a full and systematic investigation of the doctrines of Christianity, and of existing questions and controversies in respect to them. The lectures are accompanied by examinations and free discussions.

Professor FISHER will lecture on General Church History, including the following topics: an historical survey of the Old or Preparatory dispensation in its relation to Christianity; the establishment and spread of Christianity (including Missions and persecutions); Ecclesiastical Polity (including the rise and rule of the Papacy, and the Reformation); and the History of Christian Life and Worship.

Professor DAY will give instruction in Biblical Theology, with special reference to the progressive stages of Divine revelation, and the doctrinal results of the modern critical study of the Bible. He will also lecture on portions of the Hebrew Scriptures, especially the poetical and prophetical books.

Professor DWIGHT will continue to give instruction by lectures and recitations, in the exegetical study of the New Testament, especially the Pauline Epistles.

Dr. BACON will give a series of lectures on Church Polity, with special reference to the polity and discipline of the Congregational Churches.

## SENIOR YEAR :

Professor BARBOUR will lecture on Sacred Rhetoric and Homiletics, and also on Pastoral Theology, including the office, qualifications, pastoral duties, and special work of the ministry; he will also take charge of the practical exercises in Preaching, and in the criticism of the style and delivery of Sermons.

Professor FISHER will lecture upon the history of Christian Doctrine and on Symbolical Theology, and students will be aided in pursuing historical investigations for themselves.

Dr. BACON will lecture on American Church History.

Professor DWIGHT will lecture on some topics of special interest connected with the different books of the New Testament.

Professor DAY will read, with those who wish to prosecute the study of Syriac, the Peshito version of the New Testament.

## GRADUATE CLASS :

During the past year a special course of instruction has been carried on with a class of graduate students. A similar course will be provided during the coming year, in which persons who have finished the regular course of theological study here or elsewhere may have the opportunity of continuing their studies under the direction of the Professors.

*Optional Studies in either Year :*

Professor DAY will read, free of charge, with those students who desire to become familiar with the theological literature of Germany and have made some progress in the language, some standard work in German on Christian doctrine, with critical remarks, and references to the ablest works on special topics. The grammatical study of the language may be pursued with the classes in the Sheffield Scientific School.

Professor WHITNEY will give instruction to those who desire it in Sanskrit.

Instruction in vocal music is given gratuitously to students who desire it. (See p. 57).

The following courses of lectures in the Academical Department may be attended, free of charge, provided that they do not interfere with the regular studies of the Seminary: on *Intellectual and Moral Philosophy*, by President PORTER; on *Natural Philosophy*, by Professor LOOMIS; on *Evolution and Cosmogony*, by Professor DANA; on *History*, by Professor WHEELER; on *Political and Social Science*, by Professor SUMNER. Students may also be admitted to the various courses of lectures in the Sheffield Scientific School. Those who intend to become Foreign Missionaries have the privilege of attending gratuitously the lectures in the Medical Department.

EXERCISES IN PUBLIC SPEAKING—There will be an exercise for all the classes, in the presence of the Faculty, once in two weeks, in the reading of the Scriptures and hymns, and in the delivery of sermons, or parts of sermons, or addresses. Every alternate week there will be a conference, designed to cultivate the power of *extemporaneous speaking*, in which the students will be called on to present their views on some subject selected by the Faculty. Weekly debates are also held by the students, in societies of their own.

ELOCUTION :

A thorough course of instruction in Elocution will be given to the students, which will be progressive in its character and will extend through the three years of study for each class.

To the Junior Class a full course of lectures will be given on the principles of logical and emotional analysis and expression, and on oratorical action and vocal culture. This will be followed by individual practice in speaking and reading.

In the Middle year will be added extended and frequent special practice in Scripture and Hymn reading and the reading and delivery of sermons.

To the Senior Class the instruction will be given mainly in private lessons and will be designed to meet, so far as may be possible, the special needs of each individual in his preparation for the duties of the preacher's office.

LICENSE to PREACH—The regular time for applying for a license is at the close of the second year's study, before which time members of the Department are not allowed to preach.

**PUBLIC WORSHIP**—Prayers are attended every morning in the MARQUAND Chapel, with reading of the Scriptures and singing. It is optional with the student whether to connect himself with the College Church, or with one of the City Churches; but whatever may be his decision it is hoped that he will actively engage, so far as may not be inconsistent with the prosecution of his studies, in some form of City Mission, Sabbath School, or other benevolent labor, for which constant opportunities are offered.

**LIBRARIES**—The Reference Library of the School, containing nearly two thousand volumes in various languages, and established through the liberality of Mr. Henry Trowbridge, of New Haven, is placed in the East Divinity Hall. It is designed to furnish the students with the standard and most recent books in every branch of theological literature and those most frequently called for in the pursuit of their studies. It is open daily for consultation, and thus takes the place, for each student, of a well selected private library.

The valuable Library of Church Music, belonging to the late Dr. Lowell Mason, has been recently given to the Department by his family. This Library, which is placed in the West Divinity Hall, and is one of the largest of the kind in the country, will be open for the use of students.

The College Library, to which the students have access without charge, contains nearly 100,000 volumes, and is open five hours on every secular day for consultation and for the drawing of books.

The library of the College literary societies, containing over 20,000 volumes in general literature, is accessible to theological students.

**PHYSICAL EXERCISE**—The College Gymnasium is open to the students of this department at a small charge. The harbor of New Haven affords excellent facilities for boating, to those inclined to this mode of exercise.

**THE ROOMS** in the two DIVINITY HALLS are provided with carpets, beds, and every necessary article of furniture (except bedding). They are assigned to new students in the order of application. A few rooms have two bedrooms, attached to them, but, in general, provision is made for each student to room alone. The buildings are warmed throughout by steam, and lighted by gas.

EXPENSES AND PECUNIARY AID—Students have only to make pecuniary provision for about eight months of study annually. In the remaining four months of vacation, from May to September, they have the opportunity of engaging in Home Missionary or other labor, with remuneration for their services.

The expenses for the annual session are \$2.75 to \$4 a week for board; \$25 to \$30 for fuel and lights; and \$10 a year for care of room and other incidental expenses. There is no charge for instruction, room rent, or use of Libraries.

Students whose circumstances require it, will receive \$100 a year from the income of Scholarships and other funds belonging to the Department. Additional aid, the amount of which has generally been from \$75 to \$100 annually, is afforded by the American Education Society to its beneficiaries. In special cases additional aid toward the expenses of board will be given. These means of assistance fully cover the expenses mentioned above.

The Scholarships belonging to the Department bear respectively the names of James Hillhouse, William Leffingwell, George E. Dunham, Normand Smith, E. E. Salisbury, Thomas R. Trowbridge, Charles Atwater, Richard Borden, Samuel Holmes, Charles Nichols, Roland Mather, Noah Porter, John DeForest, J. R. Beadle, David Root, Mary Goodman, Orin Fowler, and Edward Bull.

A Graduate Scholarship has been established in this Department, as a memorial of the late Mrs. Aurelia D. Hooker, of New Haven. It was offered for the third time to the class entering in September, 1880, and will be assigned at graduation to that member of the class who shall be judged by the Faculty to have made such proficiency in his theological studies as best to qualify him for the advantages afforded by this foundation for the further prosecution of the same. The person to whom the scholarship is given will receive the annual income (\$700) for two years after graduation, and will be expected to pursue a course of theological study, either as a resident at the Seminary, or in case he may prefer to do so, in Europe and Palestine.

After the close of the second year in May, students have frequent opportunities to receive remuneration for preaching in the neighboring churches.

In general it may be said, that sufficient aid will be provided

for every young man who gives promise of usefulness in the ministry, to enable him, in connection with his own efforts, to complete a course of theological study.

COMMENCEMENT OF THE TERM, VACATION, ETC.—The session for 1880-81 began on Thursday, Sept. 16, and will continue till the third Thursday in May, when the public anniversary is held. The annual examination of the classes, and the meeting of the Alumni, are held in the same week. The next annual term will begin on Thursday, September 15, 1881.

By thus throwing all the vacations into one, the most favorable season of the year is secured for study, while the opportunity is given, in the four months' vacation, to engage in some form of benevolent labor, in connection with the mission efforts of the churches, or in the service of one of the benevolent societies, by which the practical experience required of the pastor, as well as pecuniary compensation, may be obtained. Should any students prefer to spend the vacation in theological reading, the Professors will counsel them in the choice of books.

THE DEGREE of Bachelor of Divinity is conferred on all members of the Department who at the end of the Senior year pass the prescribed examination, and present an approved thesis on some topic in theology.

# DEPARTMENT OF MEDICINE

---

THE FACULTY OF THIS DEPARTMENT consists of the President of the College, a Professor of Chemistry, a Professor of Anatomy, a Professor of Physiology, a Professor of Materia Medica and Therapeutics, a Professor of Pathology, a Professor of the Principles and Practice of Medicine, a Professor of the Principles and Practice of Surgery, a Professor of Obstetrics and the Diseases of Children, a Professor of Ophthalmology and Otology, a Demonstrator of Anatomy, a Lecturer on Normal Histology, a Lecturer on Food and Poisons, a Clinical Lecturer on Surgery, a Lecturer on Gynecology, a Lecturer on Diseases of the Throat, a Lecturer on Diseases of the Nervous System, and a Lecturer on Insanity.

The system of instruction is arranged in a graded course, extending over three full years.

The College year extends from the first Thursday in October to Commencement, with a vacation of two weeks in the latter part of February.

The first term for the present year begins on Thursday, October 7th, and closes on Wednesday, February 9th, 1881.

The second term will begin on Thursday, February 24th, and close with Commencement, June 29th, 1881.

## TERMS OF ADMISSION

All candidates for admission, excepting those who have passed an examination for admission to the undergraduate Academical Department of Yale College or some similar institution, must present a degree in Letters or Science from a recognized college or scientific school, or pass an examination in the following subjects:

1. MATHEMATICS: Algebra to Quadratics; Euclid, two books; Metric System of Weights and Measures.
2. LATIN: Translation of easy prose, or of Vergil's *Æneid*.
3. PHYSICS: Balfour Stewart's *Elementary Physics*, or any equivalent work.

These examinations will be conducted in writing. Grammar, spelling, and construction will be considered in judging of the papers. Graduates in medicine will not be required to pass this examination for admission.

Examinations in Preliminary Studies will be held Oct. 6th, and also on the Friday after Commencement, at 9 A. M., at the Medical College.

Examinations will also be held on the Friday following Commencement in Chicago and Cincinnati. Particulars of time and place will be announced on the day previous in the local papers. A fee of \$5 will be charged for admission to these latter examinations.

Students who have studied elsewhere, either in any recognized Medical School, or under private preceptors of good standing, may enter an advanced class, upon passing the examinations required of those of equal grade.

## COURSE OF INSTRUCTION

### JUNIOR YEAR :

FIRST TERM—General Chemistry: Lectures and Recitations, four times a week, Prof. Silliman. Chemical Laboratory, three times a week, Prof. Silliman and Mr. Smith.

Anatomy: Lectures and Recitations, five times a week, Prof. Sanford. Dissections four times a week after Nov. 1, Dr. Hotchkiss.

Normal Histology: Laboratory work, once a week, Dr. Prudden.

Materia Medica and Therapeutics: Lectures and Recitations, three times a week, Prof. Lindsley.

SECOND TERM—Medical Chemistry: Lectures and Recitations, twice a week, Prof. Silliman. Laboratory work, three times a week, Prof. Silliman and Mr. Smith.

Anatomy: Lectures and Recitations, five times a week till March 30th, Prof. Sanford. Dissections, four times a week till April 30th, Dr. Hotchkiss.

Normal Histology: Laboratory work, once a week, Dr. Prudden.

Materia Medica and Therapeutics: Lectures and Recitations, after March 30th, five times a week, Prof. Lindsley.

Physiology: Recitations, five times a week, Prof. Thacher.

### MIDDLE YEAR :

FIRST TERM—Anatomy: Lectures and Recitations, five times a week, Prof. Sanford. Dissections, four times a week after Nov. 1st, Dr. Hotchkiss.

Materia Medica and Therapeutics: Lectures and Recitations, three times a week, Prof. Lindsley.

Physiology : Recitations, five times a week, Prof. Thacher.

General Medicine : Lectures and Recitations, three times a week, Prof. Wilcox. Medical Clinic, once a week, Prof. Wilcox.

General Surgery : Lectures, three times a week, Prof. Smith. Surgical Clinic, once a week, Prof. Smith.

Obstetrics : Lectures, Recitations, and Practical Exercises, twice a week, Prof. White.

Gynecological Clinic and Lecture, once a week, Dr. Mann. Clinic for Diseases of the Throat, once a week, Dr. Chapman. Clinic for Diseases of the Eye and Ear, once a week, Prof. Carmalt. Dispensary Clinics, daily.

SECOND TERM—Anatomy : Lectures and Recitations, till March 30th, five times a week, Prof. Sanford. Dissections, till March 30th, four times a week, Dr. Hotchkiss.

Materia Medica and Therapeutics : after March 30th, five times a week, Prof. Lindsley.

Pathology : Lectures and Recitations, three times a week, Prof. White.

General Medicine : Lectures and Recitations, three times a week, Prof. Wilcox. Medical Clinic, once a week, Prof. Wilcox.

General Surgery : Lectures, three times a week, Prof. Smith. Surgical Clinic, once a week, Prof. Smith.

Obstetrics : Lectures, Recitations, and Practical Exercises, twice a week, Prof. White. Cases in Obstetrics.

Gynecological Clinic and Lecture, once a week, Dr. Mann. Eye and Ear Clinic, once a week, Prof. Carmalt. Dispensary Clinics, daily.

#### SENIOR YEAR :

FIRST TERM—Surgery : Lectures on General Surgery, three times a week, Prof. Smith. Surgical Clinic, once a week, Prof. Smith. Lectures and Practical and Clinical Exercises on Fractures, Bandaging, etc., once a week, Dr. Russell.

Medicine : Lectures on General Medicine, three times a week, Prof. Wilcox. Medical Clinic, once a week, Prof. Wilcox. Lectures on Diseases of the Throat, once a week, Dr. Chapman. Clinic for Diseases of the Throat, once a week, Dr. Chapman. Lectures on Diseases of the Nervous System, once a week, Dr. Ayres. Lectures on Insanity, once a week for nine weeks, Dr. Stearns. Lectures on Food and Poisons, once a week, Dr. Fleischner.

Obstetrics : Lectures, Recitations, and Practical Exercises, twice a week, Prof. White. Cases in Obstetrics.

Gynecology : Clinic and Lecture, once a week, Dr. Mann.

Ophthalmology and Otology : Lecture, once a week, Prof. Carmalt. Eye and Ear Clinic, once a week, Prof. Carmalt.

Dispensary Clinics, daily. Hospital Clinics, weekly. Operations at the Hospital.

SECOND TERM—Pathology : three times a week, Prof. White.

Surgery : Lectures on General Surgery, three times a week, Prof. Smith. Surgical Clinic, once a week, Prof. Smith. Lectures and Practical and Clinical Exercises on Fractures, Bandaging, etc., once a week, Dr. Russell.

Medicine : Lectures on General Medicine, three times a week, Prof. Wilcox. Medical Clinic, once a week, Prof. Wilcox. Lectures on Diseases of the Throat, once a week, Dr. Chapman. Clinic on Diseases of the Throat, once a week, Dr. Chapman. Lectures on Diseases of the Nervous system, once a week, Dr. Ayres. Lectures on Insanity, once a week for nine weeks, Dr. Stearns. Lectures on Food and Poisons, once a week, Dr. Fleischner.

Obstetrics : Lectures, Recitations, and Practical Exercises, twice a week, Prof. White. Cases in Obstetrics.

Gynecology : Clinic and Lecture, once a week, Dr. Mann.

Ophthalmology and Otology : Lecture, once a week, Prof. Carmalt. Eye and Ear Clinic, once a week, Prof. Carmalt.

Dispensary Clinics, daily. Hospital Clinics, weekly. Operations at the Hospital.

CHEMISTRY—The instruction in Chemistry will be by lectures and recitations, and by laboratory work. The lectures will be fully illustrated by experiments. Medical Chemistry, Toxicology, and Qualitative Analysis will be taught at the desk and by recitations, with occasional didactic lectures.

Students of the third year and special students prepared to undertake original researches in Chemistry, are encouraged to do so, and are supplied with the means for investigation.

ANATOMY will be taught by recitations and lectures fully illustrated, and by practical work.

The spacious and well-appointed dissecting rooms are amply supplied with anatomical material, under the personal direction of the Demonstrator, and are open to students from November until April.

NORMAL HISTOLOGY will be taught in the laboratory by Dr. T. M. PRUDDEN. Each student will be provided with a microscope and the requisite accessories, and will be taught to show himself the histological structure of the various tissues and organs.

PHYSIOLOGY will be taught in recitations freely illustrated by experiments. Able and industrious students, who wish to pursue the subject more extensively and thoroughly, will be received into the physiological laboratory.

PATHOLOGY—The lectures in this course are illustrated by the daily use of an ample supply of compound achromatic microscopes, on which two sets of preparations are exhibited at every lecture. In this manner the morbid microscopic structures, including urinary deposits, are seen by the students.

Advanced students are instructed in the practical use of the microscope, in the preparation and examination of morbid tissues.

In addition to the lectures, pathology is also taught by a course of recitations from a text book.

Pathological Anatomy is illustrated by a large collection of specimens and drawings, with which the Museum is supplied, and supplemented by fresh pathological specimens. Students are also expected to attend all the *Autopsies* made at the *Morgue of the State Hospital*. This large and convenient Morgue was constructed with special reference to rendering autopsies available for the instruction of students.

PRACTICE OF MEDICINE—Three didactic lectures each week and one clinical lecture will be given. At each clinical lecture the students in turn examine each patient before the class and the professor of the department, presenting his diagnostic points for criticism.

SURGERY—Three didactic and one clinical lecture will be given each week. While due prominence will be given to the discussion of the Principles, great care will be taken to familiarize every student with the use of all instruments, and the details of all operations, abundance of material being furnished for this purpose. In addition, lectures will be given on Practical Surgery, including bandaging, the application of splints and other apparatus, in connection with clinical instruction in the surgical wards of the hospital.

OBSTETRICS AND DISEASES OF WOMEN AND CHILDREN are taught by lectures and recitations, with demonstrations of the usual surgical operations in midwifery, and sufficient illustrations of practical gynecology.

OPHTHALMOLOGY AND OTOTOLOGY are taught throughout the year by a course of practical lectures. A weekly clinic for diseases of the Eye and Ear affords rare facilities for advanced students to acquire knowledge of this class of diseases, and also the application of the various instruments employed in their diagnosis and treatment.

MEDICAL JURISPRUDENCE—Several of the professors will give lectures on Medical Jurisprudence as it is related to their respective departments of instruction.

MENTAL DISEASE—A course of lectures on this subject is given by HENRY P. STEARNS, M.D., Superintendent of the Hartford Retreat for the Insane.

THE STATE HOSPITAL, containing over a hundred beds, constantly affords, in its spacious wards, ample material for the illustration of disease, and furnishes frequent opportunities for the performance of all the minor and capital surgical operations.

### CLINICS

A CLINIC FOR DISEASES OF THE THROAT is held at the College at 3 P. M. every Monday; a SURGICAL CLINIC at 3 P. M. every Tuesday; a GYNECOLOGICAL CLINIC at 3 P. M. every Wednesday; an EYE and EAR CLINIC at 3 P. M. every Thursday; and a MEDICAL CLINIC at 3 P. M. every Friday. In connection with the Clinics, students are made thoroughly conversant with the special methods of the expert practitioner, by having exhibited to them from day to day all the recent advances attained in physical explorations, special manipulation, and the enlightened employment of remedies.

CLINICS are also held at the State Hospital, and the students are invited to see the patients in the wards. Surgical operations at the Hospital are conducted, when practicable, in the amphitheatre, where students have opportunity to witness important operations.

THE NEW HAVEN DISPENSARY, located on the College grounds, is visited by over six thousand patients annually. Two of the attending physicians are present, daily, giving attention to diseases in their own specialties. Students in the Middle and Senior classes receive free tickets to the Dispensary, and are instructed in the diagnosis and treatment of special diseases.

### MUSEUMS AND LIBRARIES

THE MUSEUM contains a large collection of natural and morbid specimens, numerous casts, plates and models of elegant execution, and an extensive Cabinet of *Materia Medica*, all of which are made practically useful in illustrating the subjects taught. The Libraries of the University and the Cabinets of Mineralogy, Geology, Palæontology, Osteology, and Zoology, are also open for the instruction of students.

COMPARATIVE ANATOMY, ZOOLOGY, AND OTHER DEPARTMENTS COLLATERAL TO MEDICAL STUDIES—New Haven offers special advantages to Medical Students for the pursuit of Zoology, Comparative Anatomy, Botany, and other cognate studies, under distinguished teachers, in connection with the Sheffield Scientific School.

### EXAMINATIONS

Examinations are held at the close of each year on the studies of that year. The examinations at the end of the first year are final upon Chemistry, Histology, and Elementary Physiology; and upon Anatomy and Materia Medica to mark progress.

Those at the end of the second year are upon advanced Physiology, and upon Anatomy, and Materia Medica and Therapeutics.

Those at the end of the third year are upon Pathology, Surgery, Medicine, Obstetrics, and Ophthalmology and Otology.

### REQUIREMENTS FOR A DEGREE

Every candidate must be twenty-one years of age, and of good moral character; must have spent at least one continuous year at this school, and have passed the examinations in all the studies of the three years, satisfactorily to the Board of Examiners.\*

No theses are required for graduation; but theses or monographs embodying results of original research, and of marked excellence, will be honorably mentioned, and may be commended for publication in the transactions of the Connecticut Medical Society or elsewhere.

\* The Board of Examiners consists of the Faculty, and an equal number of the members of the Connecticut Medical Society appointed by the President and Fellows of the same.

## THE KEESE PRIZE

The income of "The Keese Prize Fund," amounting to about \$120 annually, is awarded by the Faculty to that member of the graduating class who presents the best thesis. If among the theses offered, none are of sufficient merit to deserve a prize, it may be withheld for that year.

## FEES AND EXPENSES

Matriculation Fee (paid upon entering the School), . . .	\$ 5.00
Tuition Fee, for one year, . . . . .	200.00
Graduation Fee, . . . . .	30.00

If the annual tuition fee is paid in two payments, \$120 must be paid for the first term, and \$80 for the second. Students who have attended and paid for two full years, will be entitled to attend the third year for \$100; if in two payments, \$60 for the first term and \$40 for the second. These are to be paid to the Treasurer of the University, except the graduation fee, which is to be paid to the Dean.

There are no extra expenses of any kind except the actual cost of breakage in the Chemical Laboratory, to be paid to the Professor of Chemistry, and \$5.00 a part for anatomical material, to be paid to the Demonstrator.

BOND—Students who do not pay in advance are required to give a bond to the Treasurer of Yale College for three hundred dollars, executed by a satisfactory bondsman: a blank for this bond will be furnished on application to the Treasurer. Those who deposit such bond will receive term bills shortly before the end of each term, to be paid on or before the commencement of the next succeeding term, and students who deposit bonds must pay all arrearages before they can receive back their bonds from the Treasurer. No degree can be conferred until all term bills are discharged.

# DEPARTMENT OF LAW

---

THE FACULTY OF THIS DEPARTMENT consists of the President of the College, a Professor of Mercantile Law and Evidence, a Professor of Elementary and Criminal Law and the Law of Real Property, a Professor of Constitutional Law, Contracts, and Wills, a Professor of the Law of Torts and Equity Jurisprudence, and a Professor of International Law. Lectures are also delivered by Rev. LEONARD BACON, D.D., LL.D., on Ecclesiastical Law, Hon. ORIGEN S. SEYMOUR, LL.D., on Judicial Procedure and Practice, Professor WAYLAND on English Constitutional Law and History, Professor ROBINSON on Forensic Oratory, the Origin of Law, and the Administration of Estates, MARK BAILEY, M.A., on Forensic Elocution, Professor BALDWIN on Roman Law, Professor PLATT on General Jurisprudence, and FREDERICK H. BETTS, M.A., on Patent Law.

TERMS AND VACATIONS—There are three terms in each year: the Fall term, beginning on the last Thursday of September and continuing to the Thursday before Christmas; the Winter Term, beginning in January, after a vacation of three weeks, and closing the last Thursday of March; and the Spring Term, beginning on the second Thursday of April and continuing until Commencement. (See Calendar, p. 4.)

## COURSE OF INSTRUCTION

### UNDERGRADUATE COURSE

The Undergraduate Course occupies two years, the students being divided into two classes, for each of which a special course of study is provided. The daily exercises consist of lectures and recitations from standard text-books, the latter being accompanied by oral explanations. The students are frequently referred to the leading cases on the subject under consideration, and are required to be prepared for questions upon them at the next exercise; they are also encouraged to put questions freely to the instructor at all recitations. Moot

Courts are regularly held, at which one of the professors acts as judge ; the students acting as counsel, in the argument of cases, are required to draw the necessary pleadings, according to the common law or equity forms, as the case may be.

Members of either Class can attend the lectures of Professors to undergraduates in other Departments of the College, whenever it is compatible with their other engagements ; and, with a few exceptions only, without charge. They can also attend one or more of the special courses of graduate instruction in the Department of Philosophy and the Arts, or the lectures on Medical Jurisprudence, Anatomy, Insanity, etc., in the Department of Medicine, on payment of a moderate fee.

The regular course of study is as follows :

#### JUNIOR YEAR :

FALL TERM—Recitations : Elementary Law, Prof. Robinson ; Contracts, Prof. Baldwin ; Pleading, Prof. Robinson ; International Law, Prof. Woolsey. Lectures : Nature and History of American Law, and Wills, Prof. Baldwin.

WINTER TERM—Recitations : Contracts, Professors Robinson and Baldwin ; Evidence, Prof. Wayland ; Torts, Prof. Platt. Lectures : Wills, Prof. Baldwin ; Forensic Oratory, Prof. Robinson.

SPRING TERM—Recitations : Contracts, Professors Robinson and Baldwin ; Pleading, Prof. Platt ; Mercantile Law, and Evidence, Prof. Wayland ; Real Property, Prof. Robinson. Lectures : English Constitutional Law, Prof. Wayland ; Origin of Law, Prof. Robinson ; Forensic Elocution, Mr. Bailey.

#### SENIOR YEAR :

FALL TERM—Recitations : Real Property, Prof. Robinson ; Equity, Prof. Platt ; Contracts, Prof. Baldwin. Lectures : International Law, Prof. Woolsey ; American Constitutional Law, Prof. Baldwin.

WINTER TERM—Recitations : Contracts, Prof. Baldwin ; Private Corporations, Prof. Robinson ; Equity, Prof. Platt ; Real Property, Prof. Robinson. Lectures : American Constitutional Law, Prof. Baldwin ; Judicial Procedure, Judge Seymour.

SPRING TERM—Recitations : Corporations, Criminal Law, and Estates, Prof. Robinson. Lectures : Roman Law, and Practice, Prof. Baldwin ; Patents, Mr. Betts ; Ecclesiastical Law, Dr. Bacon.

Any one or more of these studies may be pursued by those who do not intend to engage in the practice of the Law, but wish to obtain a knowledge of its principles to complete their education, or with reference to mercantile pursuits.

The principal text-books used are, in Junior year, Robinson's Notes on Elementary Law, Blackstone's Commentaries, Cooley on Torts, Parsons on Contracts, Stephen on Pleading, Woolsey's Introduction to the Study of International Law, Greenleaf on Evidence, vol. i, and Washburn on Real Property; in Senior year, Parsons on Contracts, Story on Equity Jurisprudence, Angell and Ames on Private Corporations, and Washburn on Real Property.

Students are also recommended to read during their course the following works, in connection with their regular exercises: Kent's Commentaries, Smith's Leading Cases, Hadley's Roman Law, and Cooley on Constitutional Limitations.

At the close of the Spring Term, each Class is subjected to a written examination on the studies of the preceding year.

TERMS OF ADMISSION—Applicants for admission to the Junior Class must be at least eighteen years of age, and must produce certificates of good moral character. No student who has not taken a degree from some collegiate institution, will be admitted as a candidate for a degree, until he has passed a satisfactory examination on the outlines of the History of England (Green's History of the English People is recommended), and of the United States, and the text of the Constitution of the United States. This will be conducted in writing, and the style of the composition and orthography in the answers, as written, must be such as to evince a competent knowledge of English Grammar.

To entitle a person to admission to advanced standing as a member of the Senior Class, he must be at least nineteen years of age; must, if a college graduate, have studied law under a competent instructor for at least one year, or at the law school of some college or university for at least six months; must, if not a college graduate, have studied law under a competent instructor for at least two years, or at a law school for at least one year; and must pass such examination as is required for those entering the Senior Class in the regular course. Attorneys at law of any State are entitled to admission to the Senior Class, without examination, on the exhibition of their certificates of admission to the bar.

While time spent at another law school will be reckoned, to the extent above mentioned, as equivalent to an equal length of time in this school, on the part of those applying for admission to advanced standing, it will be observed that the same examination is required in such cases as in all others.

Applicants for admission to advanced standing may either attend the regular annual Junior examination, which begins the second week before Commencement, or pass a special examination beginning on the first Saturday of the Fall Term, at which it will be sufficient if they are prepared to be questioned on Kent's Commentaries, lectures 1 to 9 inclusive, 14 to 18 inclusive, and 20, 21, 60, 62, and 68; Parsons on Contracts, excepting only from vol. i, pages 9 to 40 and 217 to 233, and from vol. ii, pages 1 to 32 and 258 to 614; Blackstone's Commentaries (except book 4), Robinson's Notes on Elementary Law, Stephen on Pleading, Greenleaf on Evidence, vol. i, Woolsey's Introduction to the Study of International Law, and Cooley on Torts.

Special students, not candidates for a degree, will be admitted to any of the exercises of the School, without examination.

#### GRADUATE COURSE

The Graduate Course occupies two years, and is open to graduates from any Law School, having the degree of LL.B., under the conditions specified on p. 98. The vacations are the same as those in the Undergraduate Course in this department. The degree of Master of Law (M.L.) will be conferred upon examination at the close of the first year, and that of Doctor of Civil Law (D.C.L.) at the end of the second year. The curriculum for the first year is particularly designed to supplement that of the Undergraduate Course by affording further instruction in the branches there pursued; that of the second year is designed to meet the wants of those who aim at acquiring a thorough acquaintance with jurisprudence and its affiliated studies, as a means of completing their education, without confining themselves to such topics as are of the first necessity to the practicing lawyer.

The arrangement of the course is as follows:

#### FIRST YEAR:

Admiralty Law, and Patents, Prof. Robinson; Practice in the U. S. Courts, Railroad Law, and American Constitutional History, Prof. Baldwin; Municipal Corporations, and Practice in States having a Code of Civil Procedure, Prof. Platt; Political History and Science, Prof. Sumner, or English Constitutional History, Prof. A. M. Wheeler; International Law, Prof. Woolsey.

## SECOND YEAR :

Parliamentary Law, History of the Law of Real Property, and Canon Law, Prof. Robinson ; Comparative Jurisprudence, and Conflict of Laws, Prof. Baldwin ; General Jurisprudence, Prof. Platt ; Roman Law, Mr. A. S. Wheeler ; Relations of Physical Geography to Political History, Prof. Brewer ; Political and Social Science, Prof. Sumner, or Political Economy, Prof. Walker.

Among the principal text-books used are Parsons on Shipping and Admiralty, Curtis on Patents, Desty's Federal Procedure, Pierce on American Railroad Law, Austin on Jurisprudence, Dillon on Municipal Corporations, Pomeroy's Remedies and Remedial Rights, the Commentaries of Gaius, Institutes of Justinian, selected titles of the Pandects, the Code Napoleon, Cushing's Parliamentary Law, and Wharton on Private International Law.

There will be regular exercises for those pursuing each year of the course, the preparation for which, with the collateral course of reading which will be prescribed for each, the composition of the graduating thesis, etc., will be such as to occupy the working time of the students through the year.

A knowledge of Latin will be necessary for those pursuing the studies of the last year of the course, but will not be indispensable for candidates for the degree of M.L.

---

EXAMINATIONS—There will be preliminary examinations of candidates for admission to the Junior Class at the opening of the Fall Term, and at no other time.

Candidates for admission to the Senior Class will be examined as above, at the end of the Spring Term, or beginning of the Fall Term.

Seniors will be examined for a degree, only at the close of the Spring Term.

Examinations for degrees in the Graduate Course will be held at the close of the Spring Term.

Every candidate for a degree, both in the Undergraduate and Graduate Courses, must also submit a written thesis on a given legal topic, which must be approved by the Faculty.

LIBRARY—The special Library of the Department, which has a permanent endowment for its support (the English Fund),\* contains over eight thousand volumes, comprising a complete collection of the English, American, Irish, and Canadian Reports of Judicial decisions, and an extensive collection of text-books and works on jurisprudence and political history and philosophy. The consulting room is also supplied with the leading legal periodicals. The Library

\* Established by Hon. James E. English, M.A., in 1873.

is open daily, during term time, from 8 A. M. to 12.45 P. M., and from 2 to 5.45 P. M. (with the exception of Saturday afternoon); during vacation it is not opened until 9 A. M.

The students can also draw books from the general University libraries, containing over 100,000 volumes.

PRIZES are annually awarded as follows :

The TOWNSEND PRIZE,\* of one hundred dollars, to that member of the Senior Class who shall write and pronounce the best oration or thesis at his graduation, at the public anniversary exercises on the day before Commencement.

The JEWELL PRIZE,† of fifty dollars, to that member of the Senior Class who receives the highest marks at the final examination of his class, at their graduation.

The BETTS PRIZE,‡ of fifty dollars, to that member of the Junior Class who receives the highest marks at his annual examination.

BUILDING, AND FACILITIES FOR OBSERVING PRACTICE—The School occupies an entire story of the Court House of New Haven County, having upon the same floor a lecture room accommodating two hundred students, a large library hall, a Moot Court room, an instructor's room, and other apartments furnishing every needed convenience for Law clubs and debating societies.

Two terms of the Supreme Court of Errors of Connecticut, one term of the United States Circuit Court, and two terms of the United States District Court, are held annually in New Haven; and the Superior Court and Court of Common Pleas, the principal *nisi prius* Courts of the State, are also in session almost daily, during each of the Law School terms.

GYMNASIUM—The College gymnasium is open to members of the Law Department on payment of moderate fees.

DEGREES—In the Undergraduate Course the degree of Bachelor of Laws will be conferred by the Corporation, upon the recommendation of the Faculty of the Department, based on a satisfactory examination and the submission of a satisfactory thesis, on the following persons :

\* Established by Hon. James M. Townsend, in 1874.

† Established by Hon. Marshall Jewell, M.A., in 1871.

‡ Established by Frederic H. Betts, M.A., in 1875.

1st. Attorneys at Law, who have been members of the Department for one year after their admission to the Bar.

2d. Any students who have been members of the Department for not less than two years, and who passed satisfactorily the Junior Examination at the end of their first year.

3d. Students who have received the degree of Bachelor or Doctor in any of the Arts or Sciences from any incorporated College or University, and have subsequently been members of this Department for not less than eighteen months, and who passed satisfactorily an examination at the end of their first six or twelve months, on all the studies of the Junior year.

4th. Students who have been admitted to advanced standing as members of the Senior Class, and have remained in that Class for not less than one year.

The examination for the degree is conducted under the supervision of an examining committee, appointed by the Superior Court, and the successful candidates, if twenty-one years of age, are thereupon admitted to the Connecticut Bar.

In the Graduate Course the degree of Master of Law (M.L.) will be conferred by the Corporation, on the recommendation of the Faculty of the Department, on persons, who, after having taken the degree of Bachelor of Laws, at this or any other Law School, pursue, during at least one year, such a course of advanced studies as the Faculty may direct.

Those who receive this degree can proceed in their studies for another year, with a view to applying for the degree of Doctor of Civil Law (D.C.L.), provided they have been graduated as Bachelors of Arts or Philosophy, or on graduating at this Law School, attained a prescribed standard of scholarship on their examinations both for the degree of LL.B. and M.L.

Neither degree will be conferred, except upon candidates who pursue their studies at New Haven under the direction of the Faculty, pass with credit a strict final examination, and present a satisfactory thesis.

EXPENSES—The fees for tuition and use of the Library in the Undergraduate Course are \$45 for the Fall Term, \$35 for the Winter Term, and \$35 for the Spring Term, or \$100 for the entire year, and in the Graduate Course, \$50 for the Fall Term, \$40 for the Winter Term, and \$40 for the Spring Term, or \$125 for each year; to be paid to the Treasurer of the

College in advance, or secured by a bond satisfactory to him. Where payment is not made in advance, interest will be added. Candidates for a degree who pursue their studies beyond the minimum period of attendance required, before applying for examination, will be charged only half these rates for their subsequent tuition. The diploma fee is \$5, and the Court fees for admission to the Bar are \$8. A further fee of \$5 is chargeable for admission to practice in the United States Courts for the District of Connecticut, if this is also desired. The tuition charges for special students, not candidates for a degree, vary in proportion to the amount of instruction and supervision required, but will never exceed those made in the regular course.

Board and lodgings can be obtained at prices ranging from \$5 a week upwards.

For further particulars, inquiries may be addressed to Professor Francis Wayland, Dean of the Faculty.

# PEABODY MUSEUM OF NATURAL HISTORY

---

## TRUSTEES

PROFESSOR JAMES D. DANA, PH.D., LL.D., *Chairman*  
HIS EXCELLENCY CHARLES B. ANDREWS, LL.D., *ex-officio*  
THE HONORABLE ROBERT C. WINTHROP, LL.D.  
PROFESSOR BENJAMIN SILLIMAN, M.D.  
PROFESSOR GEORGE J. BRUSH, M.A., *Treasurer*  
PROFESSOR OTHNIEL C. MARSH, M.A.  
GEORGE PEABODY WETMORE, M.A.

## CURATORS

OTHNIEL C. MARSH, M.A., *Curator of the Geological Collection*  
ADDISON E. VERRILL, M.A., *Curator of the Zoological Collection*  
EDWARD S. DANA, PH.D., *Curator of the Mineralogical Collection*

The gift of the Founder, GEORGE PEABODY, of London, was committed to the Board of Trustees, in 1866, "to found and maintain a Museum of Natural History, especially in the departments of Zoology, Geology, and Mineralogy in connection with Yale College." Of the entire gift (\$150,000), \$100,000 was devoted by the donor to the erection, on land given for the purpose by the President and Fellows of the College, of a fire-proof building, planned with special reference to subsequent enlargement. Of the remainder of the gift, the sum of \$20,000 is set apart as a reserve fund for the completion of the building, and the income of \$30,000 is available for the care of the Museum and the increase of its collections.

By the accumulations from investment of the original building-fund, the first wing of the Museum is now completed, at a cost of about \$140,000, or, with cases, \$175,000.

The basement will be used for exhibiting the collection of fossil footprints from the Connecticut valley, and for work and storerooms. The first story contains the Mineralogical Collection, and rooms for instruction in Mineralogy, as well as the general lecture room. The second story is entirely devoted to Geology, and the third to Zoology. The fourth is used for the collection in Archæology and Ethnology, and for storerooms.

So far as the collections are arranged, the Museum is open to students and the public every day in term-time.

# THE WINCHESTER ASTRONOMICAL AND PHYSICAL OBSERVATORY

---

## BOARD OF MANAGERS

JACOB CAMPBELL, Esq., of New York City

PROFESSOR ELIAS LOOMIS, LL.D.

PROFESSOR CHESTER S. LYMAN, M.A., *President*

PROFESSOR HUBERT A. NEWTON, LL.D., *Secretary*

HON. O. F. WINCHESTER, of New Haven

W. W. WINCHESTER, Esq., of New Haven

The Horological and Thermometric Bureaus are under the charge of Dr. LEONARD WALDO, assisted by Mr. WILLIAM BEEBE. The Observatory also receives the advice of Professors J. WILLARD GIBBS, Ph.D., and ARTHUR W. WRIGHT, Ph.D., in regard to problems connected with Thermometry. Mr. J. MURRAY FAIRCHILD, of New Haven, has the charge of the telegraphic transmission of the Observatory Time Signals.

The Observatory, to be devoted by the conditions of its foundation to the encouragement of original research, has commenced its activity by the establishment of two public services designed to supplement the work now in progress at other Observatories in the United States, and to afford such facilities to the Horological arts and to persons interested in accurate Thermometry, as are afforded at the more prominent Observatories in Europe.

For the proper performance of these services the following equipment is in use:

1. An Astronomical Observatory, inclusive of standard clocks, transit instruments, chronographs, and the accessories for refined accuracy in the determination and transmission of time.

2. A complete apparatus for the testing of chronometers, watches, and clocks in the various positions and conditions of

temperature, arranged with reference to the safety against fire and theft of such instruments while in the care of the Observatory.

3. The apparatus for an extended (automatic) public time service.

4. The apparatus for research and comparison in Thermometry, including comparators, cathetometers, and a collection of the best thermometers obtainable of the foreign makers and Observatories which devote special attention to thermometric standards.

Descriptive Circulars of the above services have been prepared for the information of persons interested.

# LIBRARIES

---

THE COLLEGE LIBRARY numbers about 98,000 volumes, besides many thousand unbound pamphlets. It is designed for the use of the College officers, resident graduates, and the students of the various departments. Other persons may have the privilege of consulting the Library and drawing books, by permission of the Library Committee. The Library is open daily in term-time from 9½ A. M., to 1 P. M., and from 2½ to 5 P. M. (or, during the winter months, to 4½ P. M.)

In the same building is the LINONIAN AND BROTHERS LIBRARY, designed primarily for the use of the undergraduate students, and containing over 20,000 volumes. This Library is open daily from 1½ to 2½ P. M.; on Wednesdays and Saturdays from 10 A. M. to 12 M. and from 1½ to 4 P. M.

In addition to the large number of periodicals received at the College Library, there will be found in the Reading Room (in the Philosophical Building) forty daily newspapers, American and foreign, as many weeklies, and fifty periodicals. The Reading Room is open from 9.30 A. M. to 8 P. M. (on Sunday from 1 P. M. to 8 P. M.)

The departments of Theology, of Medicine, and of Law, the Sheffield Scientific School, and the School of the Fine Arts, have each a special Library, accessible to the students of those schools respectively.

The Library of the AMERICAN ORIENTAL SOCIETY, numbering about 3,800 printed books and manuscripts, is kept in the College Library building.

## SUMMARY

College Library (exclusive of pamphlets), about	.	98,000 vols.
Linonian and Brothers Library, about	. . . . .	22,500 "
Libraries of the Professional Schools, about	. . . . .	18,500 "
		<hr/>
